

Environmental Examination Report

( 1 ) Project Name

Expansion of Iron Ore Mine and Shipping Port

( 2 ) Project Site

State of Western Australia, Australia

( 3 ) Project Outline

Expansion of Iron Ore Mine and Shipping Port

( 4 ) Category Classification

Category A

( 5 ) Reason for Classification

The project belongs to sensitive sector (Mining and Ports), and includes sensitive characteristics and is located in or near sensitive areas under the Guidelines.

( 6 ) Environmental Permits and Approvals

The environmental permits on the mine and port have been already obtained from the relevant authority as of June, 1999 and October, 2011 respectively.

( 7 ) Pollution Mitigation Measures

Air quality, water quality, waste, noise and vibration are properly managed in accordance with local standards.

( 8 ) Natural Environment

There is no national park or natural protected area near the project site. Also appropriate measures for ecosystem management have been taken.

( 9 ) Social Environment

It is confirmed that relocation of residents does not occur in the project site and measures for social considerations are properly managed.

( 10 ) International Standard

World Bank – Safe Guard Policy

( 11 ) Others, Monitoring

In this project, monitoring will be conducted for the status of compliance with the environmental approval condition, noise, land subsidence, and the ecosystem.
