

Environmental Examination Report

(1) Project Name

Manufacture and sale of the cold mills and the surface treated mills

(2) Project Site

The Republic of Turkey / Osmaniye

(3) Project Outline

Manufacture and sale of the cold mills and the surface treated mills

(4) Category Classification

Category B

(5) Reason for Classification

The project does not belong to the large scale project in the steel sector and includes sensitive characteristics but it is likely to have no significant adverse impact on the environment and is not located in or around sensitive areas under the Guidelines.

(6) Environmental Permits and Approvals

The designated authority of the host country confirmed that the impact on the environment and society is limited. Part of the permits is planned to be acquired later.

(7) Pollution Mitigation Measures

Mitigation plans about air emission, water quality, waste and noise and vibration are properly prepared and conducted in accordance with local standards.

(8) Natural Environment

The project site and the nearby site do not encompass the protected area and the habitats of nationally protected species.

(9) Social Environment

Resettlement is not necessary, as there is no residential area around the project site.

(1 0) International Standard
World Bank Safeguard Policy

(1 1) Others, Monitoring

In this project, monitoring will be conducted for the status of environmental permits.
