

Environmental Examination Report

- (1) Project Name: Cement Plant Expansion Project
- (2) Project Site: Thanh Hoa Province, Socialist Republic of Vietnam
- (3) Project Outline: Installation of an additional cement production line in the existing cement plant
- (4) Category: B
- (5) Reason of Categorization: The Project is not located in a sensitive area, nor has it sensitive characteristics under the Environmental Guidelines, and its potential adverse impacts on the environment are not likely to be significant.
- (6) Environmental Permission: EIA on this project has been prepared and approved, in compliance with the Vietnamese laws and regulations, by the Government of Socialist Republic of Vietnam.
- (7) Anti-Pollution Measures: Planned value of air and water quality complies with standards of Socialist Republic of Vietnam.
- (8) Natural Environmental Considerations: The project site is not located in the naturally designated protected areas by the host country's government and there is not any environmentally sensitive area around the project site. It is confirmed that there is no habitats of rare species living within the project site.
- (9) Social Considerations: It is confirmed that the project does not cause resettlement and land acquisition.
- (10) Others and Monitoring: Under the project, monitoring will be conducted over the quality of air and water.
