

Environmental Examination Report

- (1) Project Name: production and sales of nonwoven fabrics
- (2) Project Site: Thailand
- (3) Project Outline: production and sales of nonwoven fabrics
- (4) Category: B
- (5) Reason of Categorization: The project is not located in a sensitive area, nor has it sensitive characteristics under the Environmental Guidelines, and its potential adverse impacts on the environment are not likely to be significant.
- (6) Environmental Permission: It is confirmed that environmental permission is not required for this project.
- (7) Anti-Pollution Measures: the planned value for air quality and water quality complies with the local standards.
- (8) Natural Environmental Considerations: The project site is not located in the nationally designated protected areas by the host country's government and there is not any environmentally sensitive area around the project site. It is confirmed that there is no habitats of rare species living within the project site.
- (9) Social Considerations: The project site is located in the developed industrial area and there is no issue for which special social environmental considerations should be required.
- (10) Others and Monitoring: Under this project, monitoring including air quality, water quality, waste, and odor will be conducted.
