

## Environmental Examination Report

1. Project Name: Setting-up of a new Cold Rolling Mill (CRM) complex in the existing site
2. Project Site: India
3. Project Outline: Setting-up of a new Cold Rolling Mill (CRM) complex in the existing site
4. Category: B
5. Reason of Categorization: The project is not located in a sensitive area, nor has it sensitive characteristics under the Environmental Guidelines, and its potential adverse impacts on the environment are not likely to be significant.
6. Environmental Permits and Approvals: Necessary environmental permits and approvals have already been obtained from authorities of the host country's government.
7. Anti-Pollution Measures: It has been confirmed that the planned value of air and water quality meets the local standards.
8. Natural Environmental Considerations: The project site is not located in the nature refuge designated by the host country's government, nor are there any areas nearby where environmental considerations are called for. It has been confirmed that the project site does not encompass the habitats of nationally protected endangered species.
9. Social Considerations: It is confirmed that the relocation of residents does not occur in the project site and there is no issue for which special social environmental considerations should be required.
10. Others & Monitoring: Under this project, monitoring will be conducted over air and water quality.
