

Environmental Examination Report

(1) Project Name

Development of Sulfuric Acid Plant.

(2) Project Site

Kzyl-Orda Region, Republic of Kazakhstan

(3) Project Outline

Development of Sulfuric Acid Plant.

(4) Category Classification

Category A

(5) Reason for Classification

The project falls into the manufacturing and/or transportation of hazardous substances sector under the Environmental Guidelines

(6) Environmental Permits and Approvals

The EIA report on this project has been approved by the authorities of the host country.

(7) Pollution Mitigation Measures

It is confirmed that atmospheric emissions, liquid wastes, material wastes and ecosystem and biota are properly managed.

(8) Natural Environment

There is no protected region by local or international laws on or around the project site.

(9) Social Environment

No special social considerations should be required.

(1 0) Others, Monitoring

Monitoring for environmental impacts including air quality and water quality will be conducted.
