

Environmental Examination Report

(1) Project Name: Expansion of manufacturing of tires

(2) Project Site: United States of America/State of Georgia

(3) Project Outline: Expansion of manufacturing of tires

(4) Category Classification: B

(5) Reason for Classification: The project is not located in a sensitive area, nor has it sensitive characteristics under the Environmental Guidelines, and its potential adverse impacts on the environment are not likely to be significant.

(6) Environmental Permission: It is confirmed that approvals of the environmental and social considerations have been made in accordance with the legislation of the Environmental Protection Division (Georgia).

(7) Anti-Pollution Measures: Planned value of air and water quality complies with standards of the State of Georgia.

(8) Natural Environment Considerations: The project site is not located in the naturally designated protected areas by the host country's government and there is not any environmentally sensitive area around the project site. It is confirmed that there is not habitats of rare species living within the project site.

(9) Social Considerations: It is confirmed that the project site is located in an existing industrial area and there is no issue for which special environmental considerations should be required.

(10) Others & Monitoring: Under the project, monitoring will be conducted over the quality of air and water.
