

Environmental Examination Report

(1) Project Name

Thermal Power Plant Project

(2) Project Site

Kingdom of Thailand, Ayutthaya Province

(3) Project Outline

The project consists of the construction and operation of gas-fired combined cycle power plant.

(4) Category Classification

A

(5) Reason for Classification

The project falls into the thermal power sector under the Environmental Guidelines.

(6) Environmental Permits and Approvals

Pursuant to the laws and regulations of the Kingdom of Thailand, the EIA for the project was prepared for submission, and the environmental permit was issued by Office of Natural Resources and Environmental Policy and Planning.

(7) Pollution Mitigation Measures

The projected quality of air and water emissions, as well as noise level, falls within the local standards.

(8) Natural Environment

There are no nature reserves in vicinity of project site.

(9) Social Environment

It is confirmed that appropriate measures have been taken for local people who are socially or economically affected by the project.

(10) International Standard

IFC Performance Standard

(11) Others, Monitoring

Taking the above environmental review into consideration, JBIC will confirm the result of monitoring by the project company in relation to air quality (NOx emissions).
