

Environmental Examination Report

- (1) Project Name
Gas-Fired Thermal Power and Water Plant Project
- (2) Project Site
State of Kuwait / Az Zour North
- (3) Project Outline
Gas-Fired Thermal Power and Water Plant Project
- (4) Category Classification
A
- (5) Reason for Classification
The project belongs to sensitive sector (thermal power generation) under the Guidelines.
- (6) Environmental Permits and Approvals
Pursuant to the laws and regulations of the State of Kuwait, the ESIA report for the project was prepared, and it was approved by the Environment Public Authority with conditions.
- (7) Pollution Mitigation Measures
Mitigation plans for air quality, water quality, waste, and noise are properly prepared and conducted in accordance with local standards.
- (8) Natural Environment
It is confirmed that appropriate measures for ecological impact are taken.
- (9) Social Environment
The project does not involve resettlement. It is confirmed that appropriate measures for social impact are taken.
- (1 0) International Standard
IFC Performance Standard

(1 1) Others, Monitoring

In this project, monitoring will be conducted for the status of compliance with permits and conditions for the environmental approval, air quality, and marine ecosystem.
