Japan Bank for International Cooperation

Environmental Examination Report

(1) Project Name

The construction of the Gas-Fired Combined Cycle Power Plant Project

(2) Project Site

Jakarta Capital Special Region, Republic of Indonesia

(3) Project Outline

Construction of the Gas-Fired Combined Cycle Power Plant

(4) Category Classification

Category A

(5) Reason for Classification

The project belongs to sensitive sector (thermal power sector) under the Environmental Guidelines.

(6) Environmental Permits and Approvals

The Environmental and Social Impact Assessment (ESIA) report on this project was prepared in compliance with the Indonesian laws and regulations and approved on June 1, 2016 with collateral conditions by BPLHD of Jakarta Capital Special Region.

(7) Pollution Mitigation Measures

It is confirmed that air quality, water quality, waste, land contamination, noise and vibration, subsidence and odor are properly managed.

(8) Natural Environment

The project site and the nearby side do not encompass the protected area and the habitats of nationally protected species.

(9) Social Environment

It is confirmed that the relocation of residents and new land acquisition do not occur in connection with the project.

($1\ 0$) International Standard World Bank – Safe Guard Policy

(11) Others, Monitoring

Taking the above environmental review into consideration, JBIC will monitor compliance status with the collateral conditions attached to the ESIA report and status of obtaining relevant operational approval.

Questions

Q1.	Ple	ease provide the address of the project site.				
	Pac	lemangan District, North Jakarta City, DK	I Jaka	urta Province		
Q2.		ease provide brief explanation of the project construction and operation of combined cyc		ver generating unit.		
Q3. Will JBIC loan be applied to a new project or an executing project? In case of an executing project, please inform of strong claims by stakeholders such as local residents, as well as improvement guidance or cessation orders for construction work / operations, from environmental authorities.						
	X	New Project Executing Project (without Claim etc.)		Executing Project (with Claim etc.) Others (Please specify)		
Q4. In case of this project, is it necessary to execute Environmental and Social Impact Assessment (ESIA) based on the laws or regulations of the country where the project is to be implemented? If necessary, please inform the progress of ESIA.						
	\boxtimes	Required (completed) Not Required		Required (under execution or under planning) Others (Please specify)		
Q5. In case that ESIA is already completed, please inform whether ESIA report is already approved based on the environmental and social assessment system of the country where the project is to be implemented or not. If ESIA report is already approved, please provide the date and name of authorities of the approval.						
_	X	Approved (without condition) Under approval process		Approved (conditional) Others (Please specify)		
Date of Approval: 1 June 2016 Name of Authorities: BLHD / AMDAL Commission						
Q6. If environmental and social permit(s) other than ESIA is required, please provide the name of required permit(s). Have you obtained required permit(s)?						
	X	Obtained Not required		Required, but not obtained yet Others (Please specify)		
Name(s) of required permit(s): <u>Izin Lokasi/ Location permit</u>						
Q7. Will the loan be used for the undertaking that cannot specify the project at this stage (e.g. export or lease of machinery that has no relation with specific project, or Two Step Loan that cannot specify the project at the time of loan agreement)?						
	(¥e	es / No)				
If you answered "Yes", it is not necessary to reply to the following questions. If you answered "No" please reply to the following questions						

Q8.	Are there any environmentally sensitive area(s) shown below in and around project site(s)?							
	(Yes / No)							
If you answered "Yes", please select applicable items by marking, and reply to the following questions. If you answered "No", please reply to the questions 9 and after.								
	☐ (1)☐ (2)☐	minorities or indigenous people, and cultural heritage, etc. designated by national governments)						
	☐ (3) ☐ (4)	Habitats with important ecological value (including coral reefs, mangrove, wetland and tidal flats.)						
	☐ (5) ☐ (6) ☐ (7) ☐ (8)	Areas with a remarkable tendency towards desertification Areas with unique archaeological, historical or cultural value						
Q9.	Does th	e project involve following characteristics?						
	(Yes / I	lo)						
If you answered "Yes", please describe the scale of applicable characteristics, and reply to the questions 10 and after. If you answered "No", please reply to the questions 11 and after.								
	(2) F (3) I	(Number of affected people: umping of groundwater (Scale: and reclamation, development and/or clearing (Scale: eforestation (Scale: ha)						
Q10. Under the environmental and social impact assessment system of the country where the project is to be implemented, do the applicable characteristics from $(1) - (4)$ of the questions 9 above and their scale serve as basis for executing an ESIA for the project?								
	They Others	lo						
Q11	Mag	the project involve significant social impacts?						
	(Yes / I	(o)						
If you answered "Yes", please describe the outline of the impacts, and reply to the questions 12 and after. If you answered "No", please reply to the questions 12 and after.								
	□ The	likelihood of severe project-related human rights impacts () ers ()						

Q12. Will JBIC share in the project be equal or less than 5% of the total project cost, or the total amount of JBIC loan equal or less than SDR 10 million? (In the case of additional support for a past project, this shall be the accumulated total amount)

(Yes / No)

If you answered "Yes", it is not necessary to reply to the following questions. If you answered "No", please reply to the questions 13 and after.

Q13. Does the project belong to either of the sectors that impact on the environment and society is deemed immaterial or is not anticipated under normal conditions (e.g. maintenance of the existing facilities, non-expansionary renovation project, and acquisition of rights and interests without additional capital investment)?

(Yes/No)

If you answered "Yes", it is not necessary to reply to the following questions. If you answered "No", please reply to the questions 14 and after.

Q14. Does the project belong to the following sectors?

(Yes / No)

If you answered "Yes", please specify the sector by marking, and reply to the questions 15 and after. If you answered "No", it is not necessary to reply to the following questions.

Ш	(1)	Mining
	(2)	Oil and natural gas development
	(3)	Pipelines
		Iron and steel (projects that include large furnaces)
	(5)	Non-ferrous metals smelting and refining
	(6)	Petrochemicals (manufacture of raw materials; including complexes)
	(7)	Petroleum refining
	(8)	Oil, gas and chemical terminals
	(9)	Paper and pulp
	(10)	Cement plants (including a greenfield quarry)
	(11)	Manufacture and transport of toxic or poisonous substances regulated by international treaties, etc.
\boxtimes		Thermal power
	(13)	Nuclear power
	(14)	Hydropower, dams and reservoirs
	(15)	Power transmission and distribution lines involving large-scale involuntary resettlement, large-scale
		logging or submarine electrical cables
	(16)	Roads, railways and bridges
	(17)	Airports
	(18)	Ports and harbors
	(19)	Sewage and wastewater treatment having sensitive characteristics or located in sensitive areas or
		their vicinity
	(20)	Waste management and disposal
	(21)	Agriculture involving large-scale land-clearing or irrigation
	(22)	Forestry
	(23)	Tourism (construction of hotels, etc.)

- Q15. Please provide information on the scale of the project (project area, area of plants and buildings, production capacity, amounts of power generation, etc.) Further, pleased explain whether an execution of ESIA is required on account of the large scale of the project in the country where the project is implemented.
 - 1) Land Area \pm 5.2 ha
 - 2) Capacity/ Power Generation (1x800 MW)
 - 3) Refer to the regulation of the Minister of Environment No. 5 of 2012 regarding types of business plan and/or activity which mandatory for environmental impact assessment (EIA) Appendix I no. K3, stipulated that diesel/gas/coal/gas engine power plant with capacity of >100 MW shall have EIA.
