## Environmental Examination Report

## (1) Project Name

Solar Power Project

#### (2) Project Site

Doha, State of Qatar

#### (3) Project Outline

Build, Own and Operation of a solar power plant

### (4) Category Classification

В

#### (5) Reason for Classification

The project does not belong to sensitive sector and does not include sensitive characteristics and is not located in or around sensitive areas under the Guidelines; therefore it is likely to have no significant adverse impact on the environment.

#### (6) Environmental Permits and Approvals

The Environmental and Social Impact Assessment (ESIA) report on this project was prepared in compliance with the Qatari regime. Environmental permit has been obtained from the Ministry of Municipality and Environment on April 16th, 2020.

#### (7) Pollution Mitigation Measures

It is confirmed that this project does not produce air pollutants and that the effects on the quality of water, waste, and soil are immaterial. It is further confirmed that the other environmental aspects, including the noise during construction, are properly managed.

## (8) Natural Environment

It is confirmed that the effects on natural environment are immaterial and that appropriate mitigation measures would be properly developed.

## (9) Social Environment

It is confirmed that the effects on local people are immaterial and that there will be no relocation of residents in relation to the project.

## (10) International Standard
