**OFFSHORE PROJECT PROPOSAL SUBMISSION - 5D(5) – ACCEPTANCE – BAROSSA AREA DEVELOPMENT
OFFSHORE PROJECT PROPOSAL**

I write with regard to the amended offshore project proposal (OPP) submitted to NOPSEMA on 8 March 2018 by ConocoPhillips Australia Exploration Pty Ltd for the Barossa Area Development (Document No. BAA-OO-EN-RPT-00001, Revision 5, dated March 2018). An assessment of the proposal has been undertaken in accordance with the Offshore Petroleum and Greenhouse Gas Storage (Environment) Regulations 2009 (the Regulations) and NOPSEMA's policies.

I am reasonably satisfied that the proposal meets the acceptance criteria set out in subregulation 5D(6), and therefore accept the proposal under the provisions of subregulation 5D(5) of the Regulations.

The accepted proposal will be published on NOPSEMA's website within ten days of the date of this decision, in accordance with subregulation 5D(7).

Please note that the acceptance of the Barossa Area Development OPP does not permit offshore petroleum activities to commence until the environment plan (or plans) for the activities has been accepted by NOPSEMA
