(Notes) 1. GREEN refers to the "Global action for Reconciling Economic growth and ENvironmental preservation" facility launched in April 2010. JBIC seeks to contribute to achieving both environmental and economic sustainability through its operations.
 2. The figures denote loan commitments made by JBIC. Apart from them, JBIC has provided guarantees to the portion co-financed by private financial institutions.
 3. GATE refers to the "Guarantee and Acquisition toward Tokyo market Enhancement" facility launched in April 2010. It will enable JBIC to acquire Samurai bonds where appropriate, in addition to providing partial guarantees for Samurai bond issues. The GATE facility will thereby support foreign governments and government agencies to raise funds in the Tokyo market.

# **Standard Loan Conditions**

Standard loan conditions are shown below. Loan Interest rates are linked to the funding cost of JBIC, including the rate on borrowings from the Fiscal Loan Fund Special Account, and thus they are subject to changes in conditions of the financial market. A loan applicant should make an inquiry at the relevant loan department for specific loan conditions.<sup>(1)</sup>

# 1— Standard Interest Rates

(Notes) 1. SMEs are eligible for preferential interest rates and other favorable loan conditions

Premium is added based on the type of financing such as collateral/guarantee and loan schemes
 Synthetic rate based on interest rates charged by JBIC and cofinancing institutions.

4. Interest rates on loans in Japanese yen are determined based on specific loan periods and the amortization schedule. The interest rate shown in the table is a reference rate for a 10-year loan with lump-sum repayment upon maturity. Please make an inquiry at the relevant department for

interest rate on specific conditions. 5. Interest rates on loans in foreign currencies are linked to 6-month LIBOR for US dollars. Please contact the relevant loan department for loans in foreign currencies other

than US dollars. 6. Special interest rates will be applied based on policy implication such as contribution to "Promoting overseas development and acquisition of strategically important natural

resources to Japane's or "Maintaining and imposing the International competitiveness of Japaness industries." 7. For loans in both Japanese yen and foreign currencies, premiums commensurate with the risk will be added based on the customer's creditworthiness, collateral/guarantees and the financing scheme etc. Also, adjustment of the premium may be required based on financial market conditions. 8. Risk premium is added based on the OECD Arrangement.

9. 70% limit for resource-related (import and overseas investment) loans.

# 2— Loan Maturity

The loan maturity for each loan will be determined by taking account of cash flows generated by each project.

## 3— Collateral, Guarantee

Collaterals and guarantees are determined in consultation with the clients.

#### **Overview of Accounting**

- 1. The consolidated financial statements of the Bank are prepared based on the Ordinance on Terminology, Forms and Preparation Methods of Consolidated Financial Statements (Ordinance of the Ministry of Finance No. 28 of 1976). Moreover, its assets and liabilities are classified, also on a consolidated basis, pursuant to the Ordinance on the Accounting Practices to Be Observed by Japan Bank for International Cooperation (Ordinance of the Ministry of Finance No. 15 of 2012), while revenues and expenditures are reported on the same basis, in compliance with the latter Ordinance.
- 2. The non-consolidated financial statements of the Bank are prepared based on the Ordinance on Terminology, Forms and Preparation Methods of Consolidated Financial Statements (Ordinance of the Ministry of Finance No.

59 of 1963). Furthermore, its assets and liabilities basis are classified, on a stand-alone basis, pursuant to the Ordinance on the Accounting Practices to Be Observed by Japan Bank for International Cooperation (Ordinance of the Ministry of Finance No. 15 of 2012) while non-consolidated revenues and expenditures are reported in compliance with the latter Ordinance.

3. Pursuant to provisions of Article 193-2, paragraph (1) of the Financial Instruments and Exchange Act, audit certification has been made by Ernst & Young ShinNihon LLC for the Bank's consolidated financial statements for the fiscal year under review (from April 1, 2018, to March 31, 2019) as well as non-consolidated financial statements for the business year under review (from April 1, 2018, to March 31, 2019).

## Notes to Consolidated Financial Statements

#### 1. Basis of presentation

The accompanying consolidated financial statements have been prepared from the accounting records maintained by Japan Bank for International Cooperation ("JBIC") and its subsidiaries (the "JBIC Group") in accordance with the accounting principles and practices generally accepted in Japan, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards ("IFRS").

The amounts indicated in millions of yen are rounded down by omitting figures less than one million. As a result the totals in yen do not necessarily agree with the sum of the individual amounts. Items less than 1 million yen are presented as "0," which are presented as "-" in the consolidated financial statements prepared in accordance with IFRS (Exhibit 7).

Amounts in U.S. dollars are presented solely for the convenience of readers outside Japan. The rate of ¥110.99=\$1.00, the foreign exchange rate on March 31, 2019, has been used in translations. The presentation of such amounts is not intended to imply that Japanese yen have been or could be readily converted, realized, or settled in U.S. dollars at the aforementioned rate or any other rates.

#### 2. Scope of consolidation

#### (a) Consolidated subsidiaries The number of consolidated subsidiaries is two. Company names: JBIC IG Partners

Russia-Japan Investment Fund, L.P.

#### (b) Unconsolidated subsidiaries

There are no applicable subsidiaries.

(c) Other company whose majority of voting rights is owned by JBIC on its own account but which is not determined to be its subsidiary

Company name: RJIF Management Limited

(Reason for determining not to be a subsidiary)

JBIC has determined that RJIF Management Limited is not its subsidiary because, while JBIC indirectly owns a majority of voting rights of RJIF Management Limited through JBIC IG Partners, which is its consolidated subsidiary, JBIC needs to obtain agreement from other JV company for making decisions on significant financial and business policies.

#### 3. Application of the equity method

- (a) Unconsolidated subsidiaries accounted for using the equity method There are no applicable subsidiaries.
- (b) Affiliates accounted for using the equity method The number of affiliates accounted for using the equity method is two. Company names: IFC Capitalization (Equity) Fund, L.P. IFC Capitalization (Subordinated Debt) Fund, L.P.
- (c) Unconsolidated subsidiaries that are not accounted for using the equity method There are no applicable subsidiaries.

#### (d) Affiliates that are not accounted for using the equity method

Major company names: Credit Guarantee and Investment Facility

**RJIF** Management Limited

These companies were not included in the scope of the equity method primarily because they do not have significant impacts on the consolidated financial statements in respect of any of the following items: Net income (the amount proportionate to the share of net income of such companies), Retained earnings (the amount proportionate to the share of retained earnings of such companies) and Accumulated other comprehensive income (loss) (the amount proportionate to the share of other comprehensive income (loss) of such companies).

#### 4. Balance sheet dates of consolidated subsidiaries

The financial statements of the consolidated subsidiaries are used in preparing the consolidated financial statements. The balance sheet dates of the consolidated subsidiaries are as follows:

| March 31    | 2019 |
|-------------|------|
| December 31 | 1    |
| March 31    | 1    |

Appropriate adjustments are made for significant transactions that occurred during the period between the consolidated closing date and the subsidiary's balance sheet date above.

#### 5. Significant accounting policies

#### (a) Securities

Held-to-maturity securities are carried at amortized cost based on the moving average method. Investments in affiliates that are not accounted for by the equity method are carried at cost based on the moving average method. Available-for-sale securities are in principle stated at fair value with changes in net unrealized gains or losses included directly in Net assets. However, available-for-sale securities whose fair value cannot be readily determined are carried at cost based on the moving average method. Securities held by the consolidated foreign subsidiary (including investments in affiliates) are classified as a financial asset designated as fair value through profit or loss based on IFRS. These securities are recognized as trading securities in JBIC's consolidated financial statements and are measured at fair value.

Investments in partnerships for investment, which are regarded as securities under Article 2, Paragraph 2 of the Japanese Financial Instruments and Exchange Act (Act No. 25 of 1948), are recognized at an amount equivalent to JBIC's percentage share of the net assets of such partnerships, based upon the most recent financial statements available depending on the reporting date stipulated in the partnership agreement.

#### (b) Valuation method for derivative financial instruments

Derivative financial instruments are carried at fair value.

#### (c) Depreciation and amortization basis for fixed assets

(i) Property, plant and equipment

Property, plant and equipment of JBIC are depreciated by the declining balance method over their useful economic lives except for buildings excluding installed facilities as well as installed facilities and structures acquired on or after April 1, 2016, which are depreciated by the straight-line method.

Depreciation is based on the following range of estimated useful lives:

Buildings: 3 years to 50 years

Other: 2 years to 35 years

Property, plant and equipment of consolidated subsidiaries are depreciated primarily by the straight-line method based on the estimated useful lives of the assets.

(ii) Intangible assets

Amortization of intangible fixed assets is computed by the straight-line method. Software used by JBIC and its consolidated subsidiaries is amortized over its useful life (5 years or less) at JBIC and its consolidated subsidiaries.

#### (d) Allowance for loan losses

Allowance for loan losses is recognized in accordance with internally established standards.

The allowance for claims on debtors who are legally bankrupt ("Bankrupt borrowers") or substantially bankrupt ("Substantially bankrupt borrowers") is provided based on the outstanding balance after the write-offs described as below and the deductions of the amount expected to be collected through the disposal of collateral and the execution of guarantees. The allowance for claims on debtors who are not legally bankrupt but are likely to become bankrupt ("Potentially bankrupt borrowers") is provided based on an assessment of the overall solvency of the debtors after deducting the amount expected to be collected through the disposal of collateral and the execution of guarantees.

The allowance for claims on debtors other than Bankrupt borrowers, Substantially bankrupt borrowers and Potentially bankrupt borrowers is provided primarily based on the default rate, which is calculated based on the actual defaults during a certain period in the past. The allowance for possible losses on specific overseas loans is provided based on the expected loss amount taking into consideration the political and economic situations of these countries.

All claims are assessed initially by the operational departments and subsequently by risk evaluation departments based on internal rules for self-assessment of asset quality. The risk evaluation departments, which are independent from the operational departments, review these self-assessments, and the allowance is provided based on the results of the assessments.

With respect to claims with collateral or guarantees on debtors who are legally or substantially bankrupt ("Bankrupt

borrowers and substantially bankrupt borrowers"), the residual booked amount of the claims after deduction of the amount which is deemed collectable through the disposal of collateral or the execution of guarantees is written off. There are no accumulated write-offs as of March 31, 2019.

#### (e) Provision for bonuses

The Provision for bonuses is calculated and provided for based on the estimated amounts of future payments attributable to the services that have been rendered by employees to the date of the consolidated balance sheet.

#### (f) Provision for directors' bonuses

The Provision for directors' bonuses is calculated and provided for based on the estimated amounts of future payments attributable to the services that have been rendered by directors to the date of the consolidated balance sheet.

#### (g) Provision for directors' retirement benefits

The Provision for directors' retirement benefits which provides for future retirement pension payments to directors, is recognized at the amount accrued at the end of the current fiscal year.

#### (h) Accounting for retirement benefits

Method of attributing the projected benefits to periods of services
 In calculating the projected benefit obligation, the estimated amount of retirement benefit payments is attributed to
 the period up to the end of the fiscal year based on the benefit formula.

 Accounting for actuarial gains or losses and prior service costs Actuarial gains or losses and prior service costs are expensed as they are incurred.

#### (i) Foreign currency translation and revaluation method

JBIC maintains its accounting records in Japanese yen. Assets and liabilities denominated in foreign currencies and held by JBIC are mostly translated into Japanese yen at the market exchange rate prevailing at the fiscal year end.

Assets and liabilities denominated in foreign currencies and held by consolidated subsidiaries are translated at the market exchange rate prevailing at respective balance sheet dates and other base dates.

#### (j) Accounting for hedges of interest rate risk

(i) Hedge accounting

The deferral method is applied to derivatives used for interest risk hedging purposes.

- (ii) Hedging instruments and hedged items
  - Hedging instruments: interest rate swaps

Hedged items: loans, borrowed money, bonds and notes

- (iii) Hedging policy
   JBIC enters into hedging transactions up to the amount of the underlying hedged assets and liabilities.
- (iv) Assessment of hedge effectiveness

JBIC assesses the effectiveness of designated hedges by measuring and comparing the change in fair value or cumulative change of cash flows of both hedging instruments and corresponding hedged items from the date of inception of the hedges to the assessment date.

#### (k) Accounting for hedges of foreign exchange risks

Hedging instruments used to hedge foreign exchange risks associated with foreign currency denominated monetary assets and liabilities are accounted for primarily using the deferral method under "Accounting and Auditing Treatment Relating to Adoption of Accounting Standard for Foreign Currency Transactions for Banks" (The Japanese Institute of Certified Public Accountants (JICPA) Industry Audit Committee Report No. 25 of July 29, 2002).

The effectiveness of the hedges described above is assessed by comparing the foreign currency position of the hedged loans and bills discounted and bonds payable denominated in foreign currencies with that of the hedging instruments, such as currency swaps and forward foreign exchange contracts which are used for hedging the foreign exchange risks of loans and bills discounted and bonds payable denominated in foreign currencies.

Furthermore, deferral hedge accounting is applied to some forward foreign exchange contracts as hedging instruments used to hedge the foreign exchange risk arising from individual investments in affiliates denominated in foreign currencies.

#### (I) Scope of cash and cash equivalents in the consolidated statements of cash flows

"Cash and cash equivalents" as stated in the consolidated statements of cash flows consists of cash on hand and deposits with the Bank of Japan in Cash and due from banks in the consolidated balance sheets.

#### (m) Consumption and other taxes

Consumption taxes and local consumption taxes ("consumption taxes") of JBIC and its domestic consolidated subsidiaries are excluded from transaction amounts. Non-deductible consumption taxes related to property, plant and equipment are expensed as incurred.

#### 6. Equity and other securities of or investments in unconsolidated subsidiaries and affiliates

#### 7. Loans

(a) Bankrupt loans and non-accrual loans included in Loans and bills discounted:

|                   | Mare | As of<br>ch 31, 2018<br>illions of yen) | Marc |         | March |       |
|-------------------|------|---|------|---------|-------|-------|
| Bankrupt loans    | ¥    | _                                       | ¥    | _       | \$    | _     |
| Non-accrual loans |      | 188,842                                 |      | 191,105 |       | 1,722 |

Bankrupt loans are loans, defined in Article 96, Paragraph 1, Item (iii), a. through e. and Item (iv) of the Order for Enforcement of the Corporation Tax Act (Cabinet Order No. 97, 1965), on which accrued interest income is not recognized as there is substantial uncertainty over the ultimate collectability of either principal or interest because they have been in arrears for a considerable period of time or for other reasons.

Non-accrual loans are loans on which accrued interest income is not recognized, although this excludes Bankrupt loans and the loans on which interest payments are deferred in order to support the borrowers' recovery from financial difficulties.

#### (b) Loans with interest or principal repayments three months or more in arrears included in Loans and bills discounted: There are no applicable loans.

Loans with interest or principal repayments three months or more in arrears are loans whose principal or interest payment is three months or more in arrears, and which do not fall under the category of Bankrupt loans and Non-accrual loans.

#### (c) Restructured loans included in Loans and bills discounted:

|                    |       | As of           |        | As of          |             | As of               |

Restructured loans are loans whose repayment terms and conditions have been amended in favor of the borrowers (e.g. reduction of or exemption from the stated interest rate, deferral of interest payments, extension of principal repayments or waiver of claims) in order to support the borrowers' recovery from financial difficulties, and which do not fall under the category of Bankrupt loans, Non-accrual loans, or Loans with interest or principal repayments three months or more in arrears.

# (d) The total amount of bankrupt loans, non-accrual loans, loans with interest or principal repayments three months or more in arrears, and restructured loans:

|              |   |           | Mar |         | As of<br>March 31, 2019<br>(In millions of U.S. dollars) |       |  |
|--------------|---|-----------|-----|---------|--|-------|--|
| Total amount | ¥ | ¥ 414,688 |     | 379,142 | \$   | 3,416 |  |

The amounts of loans indicated in table (a) through (d) above are the gross amounts before the deduction of Allowance for loan losses.

(e) JBIC, as a policy, does not extend loans to borrowers in part or in full immediately after the execution of the loan agreements, but instead executes loans, in accordance with the progress of the underlying projects. These undrawn amounts are not included in the loans on deeds recognized in the consolidated balance sheets. The balance of undrawn amounts is as follows:

|                          | As of                | As of                | As of                         |

#### 10. Contingent liabilities

Japan Finance Corporation ("JFC") assumed the obligations of the JFC bonds on April 1, 2012, and JBIC is jointly responsible for the obligations of these bonds. In accordance with Article 17 (2) of the Supplementary Provisions of the JBIC Act, all of JBIC's assets are pledged as general collateral for these joint obligations as follows.

|                   | As of<br>March 31, 2018<br>(In millions of yen) |         |   |         | As of<br>March 31, 2019<br>(In millions of U.S. dollars) |       |

#### 16. Financial instruments and related disclosure

- (a) Status of financial instruments
  - (i) Policies for financial instruments

Based on the JBIC Act, JBIC is a policy-based financial institution wholly owned by the Japanese government, which has the purpose of contributing to the sound development of Japan and the international economy and society while supplementing the financial transactions implemented by private-sector financial institutions, by performing the financial function to promote the overseas development and securement of resources which are important for Japan; maintaining and improving the international competitiveness of Japanese industries; promoting the overseas business having the purpose of preserving the global environment, such as preventing global warming, as well as preventing disruptions to international financial order or taking appropriate measures with respect to damages caused by such disruption.

JBIC's principal operations consist of providing "export loans," "import loans," "investment financing," "financing for business development" (including guarantees) and "capital investment." To conduct these operations, funds are raised through borrowings from the fiscal investment and loans and the foreign exchange fund special account, and the issuing of bonds. An ALM (asset and liability management) function has been established in respect of JBIC's financial assets and liabilities that are subject to interest rate and currency fluctuations to assist in ensuring that such fluctuations do not have an adverse effect on JBIC's operations. In addition, derivative transactions are entered into for the purpose of mitigating risk inherent in foreign currency denominated transactions. Financial instruments that can be used for the management of surplus funds are limited to safe instruments such as Japanese government bonds, etc., as stipulated in the JBIC Act.

The budget required for governmental financial operations is decided upon by the Diet of Japan, and business plans and financial plans (borrowings from fiscal investment and loans, bonds, general accounting investment, and loans, etc.) are appended to the budget and submitted to the Diet of Japan.

The consolidated foreign subsidiary of JBIC engage in investments and other related activities as their principal operation.

(ii) Types of financial instruments and risks

The assets that JBIC holds mainly include loans to borrowers in Japan and overseas, and securities and liabilities mainly include borrowed money and bonds. The consolidated foreign subsidiary of JBIC holds securities subject to price fluctuations.

The associated risks of financial assets and financial liabilities held by JBIC are described below.

1 Credit risk

Credit risk is the risk that JBIC will suffer losses if the financial conditions of the borrower deteriorate and the

value of assets (including off-balance sheet assets) declines or is impaired.

The credit risks associated with JBIC include sovereign risk, country risk, corporate risk, and project risk. JBIC engages in significant financing activities with overseas governments, governmental institutions, and overseas corporations as part of its support to overseas economic transactions. Because of the characteristics of these activities, sovereign or country risk is a significant part of the credit risk JBIC is exposed to in connection with these activities.

As a result, if the financial conditions of the individual borrower significantly deteriorate due to political and economic trends in the borrower's country or region, JBIC's performance and financial conditions can be adversely affected.

(Note) Sovereign risk refers to risk associated with credit extended to foreign governments. Country risk refers to risk associated with the country in which the corporation or project is located (risk, in addition to corporate risk or project risk, associated with the country in which the corporation or the project is located). Corporate risk refers to the risk associated with credit to corporations and project risk refers to the risk that the cash flows generated from the project fail to generate the planned cash flows, in the case of project finance, where the repayment of the borrowing is primarily secured by the cash flow of the project to which credit is extended.

#### Market risk

Market risk is the risk that the value of assets and liabilities (including off-balance sheet items) will fluctuate and losses will be incurred, or profits derived from assets and liabilities (including off-balance sheet items) will fluctuate and losses will be incurred due to changes in various market risk factors, such as interest rates and exchange rates.

The market risk borne by JBIC mainly consists of foreign exchange risk and interest rate risk, and JBIC may suffer losses from these risks due to fluctuations in the markets such as market turmoil. However, in principle, these risks are hedged through interest rate swaps, currency swaps, and forward foreign exchange contracts.

JBIC uses hedge accounting for interest rate hedges, where the hedging instrument is interest rate swaps to hedge the risk of changes in interest rates associated with loans, borrowed money and bonds. The effectiveness of the hedges is assessed by measuring and comparing the change in fair value or cumulative change in cash flows of both hedging instruments and corresponding hedged items from the date of inception of the hedges to the assessment date.

JBIC uses hedge accounting for foreign exchange hedges, where currency swaps and forward foreign exchange contracts are used to hedge items such as loans and bonds, etc. for foreign exchange risk. The effectiveness of the hedging with currency swaps and forward foreign exchange contracts is assessed by comparing the foreign currency position of the hedged financial assets and liabilities with that of the hedging instruments.

Furthermore, some of the foreign exchange risk arising from investments in affiliates denominated in foreign currencies are individually hedged by forward foreign exchange contracts as hedging instruments.

③ Liquidity risk

Liquidity risk is the risk that losses will be incurred as a result of difficulties in obtaining the funds necessary due to a maturity mismatch between financing and funding or unexpected outflow of funds, or being forced to fund at an interest rate significantly higher than that under normal circumstances (funding risk). It is also the risk that losses will be incurred from being unable to conduct market transactions due to market turmoil or being forced to transact at far more unfavorable prices than those under normal circumstances (market liquidity risk).

Long-term and stable funds, such as fiscal loan funds, government-guaranteed bonds and FILP agency bonds, are secured to finance JBIC and deposits are not accepted. Therefore, JBIC considers liquidity risk to be limited. However, financing costs could increase due to market turmoil and unexpected events.

(iii) Risk management structure for financial instruments

The risk management structure of JBIC is described below.

① Credit risk management

The cornerstone of credit risk management at JBIC is the evaluation of an individual borrower's creditworthiness in advance of credit approval.

When a new credit application is processed, the relevant finance departments (sales promotion departments) and credit departments collect and analyze information on the borrower. JBIC's overseas representative offices also play a part in collecting information on foreign governments and companies. Credit appraisal takes place based on the information that has been gathered and analyzed with the different departments ensuring appropriate checks throughout the process, leading to the final decision by management.

In providing credit to foreign governments and companies, JBIC takes maximum advantage of its unique position as a public financial institution. This includes exchanging views and information with governments and relevant authorities in the recipient countries, multilateral international institutions such as the International

Monetary Fund (IMF) and the World Bank, other regional development banks such as export credit agencies, and private financial institutions in developed countries. Using all these channels to exchange views and information, JBIC evaluates sovereign and country risks (risk in addition to corporate risk associated with the country in which the corporation is located) based on the broad range of information collected on the borrowing governments, the government agencies and the political and economic conditions in their countries.

The relevant finance departments and credit departments conduct proper credit risk management based on the credit risk rating system for segmented risk categories and the asset self assessment system. In addition, an Integrated Risk Management Committee is held regularly to report the status of credit management to the JBIC's management. The credit management is also checked by an independent auditing department.

In addition, a claims protection mechanism exists based on an international framework unique to official creditors, that is not applied to private sector financial institutions, for public claims on foreign governments. This mechanism consists of international financial assistance upon international approval by the Paris Club, an international group focusing on debt, to allow the debtor country to continue debt repayment when the debtor country becomes temporarily unable to service its debt due to economic conditions. As part of this international financial assistance, the debtor country conducts an economic reform program agreed by the IMF in order to secure the ability to sustainably service its debt. In view of JBIC's position as a public financial institution, it will use the framework of the Paris Club to preserve its public claims on foreign governments.

In addition to the above credit risk management related to individual borrowers, JBIC quantifies credit risk with a view to evaluating the risk of the overall loan portfolio. To quantify credit risks, it is important to take into account the characteristics of JBIC's loan portfolio, which are not typically seen in other private financial institutions, namely that JBIC holds a significant proportion of long-term loans that entail sovereign and country risks. Also to be taken into account are mechanisms for securing assets under an international supporting framework, such as the Paris Club, which is unique to official creditors. JBIC uses a unique model to quantify the credit risk taking account of the above factors and measures the amount of credit risk, which are utilized for credit risk management.

#### Market risk management

JBIC manages foreign exchange risk and interest rate risk through its ALM. Market risk management protocols contain detailed stipulations in respect of risk management methods and procedures, and JBIC established an ALM Committee to assess and confirm the execution of ALM, and to discuss future responses to market risk. In addition, JBIC assesses and monitors the interest rate and terms of financial assets and liabilities in detail through a gap analysis and an interest rate sensitivity analysis as well as Value at Risk ("VaR"). The results are reported to the ALM Committee on a regular basis.

The basic policy for managing foreign exchange risk and interest rate risk at JBIC is described below.

1) Foreign exchange risk

Foreign currency-denominated loans conducted in JBIC involve risks related to exchange rate fluctuations. JBIC has a consistent policy of managing this risk by fully hedging this risk exposure through the use of currency swaps and forward foreign exchange contracts. Furthermore, some of the foreign exchange risk arising from investments in affiliates denominated in foreign currencies is individually hedged using forward foreign exchange contracts as hedging instruments.

2) Interest rate risk

Interest rate risk arises from exposure to market interest rate fluctuations for yen-denominated loan and foreign currency-denominated loan operations and the policy for managing interest rate risk is described below.

a. Yen-denominated loan operations

Yen-denominated loan operations are mainly managed by using fixed-rate loans. However, swaps are used to hedge interest rate risk for the portion of loans that are deemed to have high exposures to interest rate fluctuations and therefore interest rate risk is limited.

b. Foreign currency-denominated loan operations

For foreign currency-denominated loan operations, interest rate risk is hedged through the application of a consistent policy of using interest rate swaps and managing the funds with floating interest rates for both loans and related funding arrangements.

3) Status of market risk

JBIC only maintains a banking book and does not have financial instruments in a trading book. While in principle JBIC holds derivatives only for hedging purposes, as stated previously, market risk (VaR) that takes into account the correlation between interest rate risk and foreign exchange risk is measured in order to assess potential risk exposures. The following represents the market risk (VaR) exposure in the current fiscal year.

a. Market risk (VaR)

| (In billio | ons of U.S. dollars) |
|------------|----------------------|
| \$         | 1.4                  |
|            | (In billio<br>\$     |

b. Market risk (VaR) measurement model

Historical model (Confidence interval: 99%, Holding period: 1 year, Observation period: 5 years) c. Risk management using VaR

VaR is a market risk measure that assesses the maximum possible fluctuation of gains or losses in fair values that could be incurred after a certain period of time ("Holding period") based on historical market movements of interest rates or exchange rates, etc., over a specific period in the past ("Observation period") within a given probability ("Confidence interval"), that is derived statistically by employing the theory of probability distribution.

The measurement assumes historical market trends and the theory of probability distribution. Based on the possibility that future market trends could deviate from these assumptions, a back-test is performed to cross-check the model-measured VaR with actual profits or losses, in order to confirm the effectiveness of market risk measurements using VaR. In addition, a stress test, which goes beyond the probability distribution of historical market movements, is carried out in order to capture risks from various perspectives.

The following points should generally be noted in measuring VaR:

- VaR will differ depending on the choice of confidence interval, holding period or observation period;
- VaR indicates the maximum fluctuation of gains or losses in fair values at the time of measurement. In practice, the actual results at a point in the future may differ from the VaR calculation due to changes in the assumptions caused by market movements during the holding period; and
- VaR indicates the maximum value based on specific assumption. As such, when utilizing VaR as a risk management measure, it is imperative to keep in mind that VaR may underestimate the potential losses.
- ③ Liquidity risk management related to funding

Long-term and stable funds, such as fiscal loan funds, government-guaranteed bonds and FILP agency bonds, are used to finance the operations and deposits are not accepted.

Cash flows are assessed and proper measures, including establishing overdraft facility accounts with multiple private sector financial institutions, are taken to maintain daily cash flows for proper risk management. ④ Derivative transactions

For derivative transactions, the internal checks and balances are established by assigning the execution of transactions, the assessment of hedge effectiveness and the management of administrative work to separate divisions. In addition, derivative transactions are carried out in accordance with the derivatives related protocol.

(iv) Supplementary explanation concerning fair value of financial instruments

Fair values of financial instruments are based on their market prices or, in cases where market prices are not available, on reasonably calculated prices. These prices have been calculated using certain assumptions, and may differ depending on the assumptions.

#### (b) Fair value of financial instruments

The carrying amount on the consolidated balance sheets as of March 31, 2018 and 2019 and the related fair value, and difference are as follows. Note that unlisted securities whose fair value is extremely difficult to be determined are not included in the following tables (refer to Note 2).

# (Note 1) Valuation methodologies used for estimating fair values for financial instruments <u>Assets</u>

#### (1) Cash and due from banks

For Due from banks that have no specific maturity or have a maturity under three months, the carrying amounts are used as fair value because the carrying amount approximates the fair value.

(2) Securities

Trading securities (including investments in affiliates) are held by the consolidated foreign subsidiary and are measured at fair value through profit or loss based on IFRS.

The fair value of available-for-sale securities is based upon the prices that are indicated from the financial institutions that JBIC transacts with.

#### (3) Loans and bills discounted

For loans with variable interest rates, since such loans reflect market interest rates over the short term, an amount calculated by the floating rate note method is used for fair value.

For loans with fixed interest, the total principal and interest is discounted by a risk free rate that incorporates the default ratio and coverage ratio to calculate fair value.

However, for claims on Bankrupt borrowers, Substantially bankrupt borrowers, and Potentially bankrupt borrowers, expected credit losses on such claims are calculated based on the expected collectable amount from the collateral or guarantee. Since fair value approximates the amount on the consolidated balance sheets at the fiscal year end after the deduction of the allowance for loan losses, this amount is used for fair value.

(4) Other assets

Of Other assets, for cash collateral paid for financial instruments, the carrying amount is used as fair value because the carrying amount approximates the fair value.

#### **Liabilities**

(1) Borrowed money

Borrowed money with variable interest rates reflect short-term market interest rates and the credit conditions of JBIC and its consolidated subsidiaries have not changed significantly since the execution of borrowings. Therefore, the carrying amount is used as fair value because it is considered that the carrying amount approximates the fair value. For borrowed money with a fixed interest rate, in principle, fair value is calculated by discounting the principal and interest of the borrowings by the risk free rate (the standard Japanese government bond rate).

(2) Bonds payable

Market value is used as fair value of bonds.

#### (3) Other liabilities

Of Other liabilities, for cash collateral received for financial instruments, the carrying amount is used as fair value because the carrying amount approximates the fair value.

#### Derivative transactions

Derivative transactions are disclosed in Note 18 "Derivative transactions."

#### (Note 2) Financial instruments whose fair values are considered to be extremely difficult to determine are as follows. They are not included in "Assets, (2) Securities."

#### 19. Retirement benefits

#### (a) Overview of retirement benefit plans

JBIC abolished the welfare pension fund plan effective October 1, 2014 and has established a defined benefit corporate pension plan and a defined contribution pension plan.

JBIC has a defined benefit pension plan comprised of a corporate pension plan (transferred from a welfare pension fund plan effective October 1, 2014) and a lump-sum severance indemnity plan. Although JBIC's corporate pension plan is a multi-employer plan, the amount of the pension assets corresponding to its own contribution can be reasonably calculated based on the ratio of the projected benefit obligations, and therefore the related notes are included in the following notes related to the defined benefit pension plan.

Under the corporate pension plan (funded type), pension or lump-sum payments are provided based on salary and service period. Under the lump-sum severance indemnity plan (unfunded type), lump-sum payments are provided as retirement benefits based on salary and service period. In addition, JBIC has established a defined contribution-type retirement benefit plan effective October 1, 2014.

Effective April 1, 2013, JBIC has been authorized by the Minister of Health, Labour and Welfare to be exempt from the obligations to pay future amounts in respect of the portion of the welfare pension fund it manages for the government. Subsequently on October 1, 2014, JBIC has been authorized to transfer to the government the past substitutional portion of the aforesaid fund. On September 22, 2017, *Kouko Kigyou Nenkin Kikin (Kouko* corporate pension fund) which JBIC participates in paid to the government ¥52,817 million of the transfer amount of the substitutional portion (i.e., minimum reserve). Its impact on profit or loss in the fiscal year ended March 31, 2018 amounted to ¥3 million which was recognized in Other of Other expenses.

## (b) Breakdown of major items resulting in a significant difference between the effective statutory tax rate and the rate of income tax and other taxes after applying deferred tax accounting

This information is omitted since JBIC is a nontaxable entity defined in the Article 2, Item 5 of the Corporation Tax Act (Act No. 34 of 1965) and therefore there is no significant difference between the effective statutory tax rate and the rate of income tax and other taxes after applying deferred tax accounting.

#### 21. Segment information

#### (a) Segment summary

The JBIC Group's operating segments are those for which discrete financial information is available, and whose operating results are regularly reviewed by JBIC's management.

The JBIC Group is a policy-based financial institution wholly owned by the Japanese government, which has the purpose of contributing to the sound development of Japan and the international economy and society, while supplementing the financial transactions implemented by private-sector financial institutions by performing financial operations from four viewpoints: i.e., "promotion of the overseas development and securement of resources which are important for Japan"; "maintenance and improvement of the international competitiveness of Japanese industries"; "promotion of the overseas business having the purpose of preserving the global environment, such as preventing global warming"; and "prevention of disruptions to international financial order or implementation of appropriate measures with respect to damages caused by such disruption." To achieve these purposes, for business operations defined under the Act on Japan Bank for International Cooperation and other acts, JBIC has two reporting segments: "Ordinary Operations" account and "Special Operations" account. Accounting operations are separately carried out for respective accounts.

The "Ordinary Operations" account covers the businesses which are not included in the "Special Operations" account of the JBIC Group. The Ordinary Operations account also includes the investment business of the consolidated subsidiaries.

The "Special Operations" account includes the businesses that offer financing services such as lending to overseas infrastructure business projects that generate a higher expected return in exchange for higher risk.

(b) Method of calculating ordinary income, profit or loss, assets, liabilities and other items by reportable segment Accounting treatments applied to business segments reported are the same as those disclosed in "Notes to Consolidated Financial Statements." The amount of profit (or loss) of reportable segments is based on Net income attributable to owner of parent.

#### (Information on the Capital Adequacy Ratios)

Although JBIC is not subject to Article 14-2 of the Banking Act of Japan, capital adequacy ratios have been calculated in accordance with "Standards for Determining Capital Adequacy of a Financial Institution in Light of Assets Held, etc. under the Provision of Article 14-2 of the Banking Act" (2006, Financial Services Agency Notification No. 19). JBIC applies uniform international standards and calculate credit risk-weighted assets using the standardized approach.

## Information on Derivatives Transactions

#### (1) Basic Policy for Derivatives Transactions

JBIC engages in derivatives transactions exclusively for the purpose of hedging exchange rate and interest rate risks.

#### (2) Transactions

Derivatives transactions of JBIC include interest rate and currency swaps and forward exchange contracts. The following table gives a summary of these transactions.

#### (3) Risks Involved in Derivatives Transactions

Derivatives transactions involve the following risks.

#### Counterparty Credit Risk

The potential loss from the failure of a counterparty to perform its obligations in accordance with the terms and conditions of the contract governing transactions due to bankruptcy or its deteriorating business performance.

#### Market Risk

The potential loss from changes in the market value of financial products due to fluctuations in interest rates or exchange rates in the market.

#### (4) Measures to Address These Risks

#### Counterparty Credit Risk

JBIC constantly monitors the fair value of a derivative in conducting transaction with each counterparty, credit risk exposure to it and its creditworthiness. Such information is then used to assess the eligibility of the counterparty.

#### Market Risk

JBIC utilizes derivatives transactions exclusively for the purpose of hedging. Therefore, the market risk on derivatives transactions and the risk on hedged (lending or funding) transactions, in principle, offset each other.

# Information on the Quality of Assets

Although the Banking Act and Act on Emergency Measures for the Revitalization of the Financial Functions of 1998 (the "Financial Revitalization Act") do not apply to JBIC, JBIC has made a self-assessment of the quality of its assets since the fiscal year ended March 31, 2001. This was aimed at increasing disclosure on its asset quality and improving the internal management of credit risks.

One characteristic of JBIC's operations is that a considerable portion of its loans is official credit for the governments of developing countries. Thus, when an indebted country is temporarily unable to service debt due to economic difficulties, debt rescheduling will sometimes take place—based on an international agreement among the creditor countries in the Paris Club—in order to ensure sustainable debt service. A debtor country receiving such temporary support for overcoming the liquidity problem will implement economic restructuring programs agreed upon with the International Monetary Fund (IMF) to acquire sustainable debt service capacity.

The loans rescheduled under the agreement in the Paris Club have a high probability of repayment, because, unlike loans provided by private financial institutions, their nature as official credit provides an asset-securing mechanism under the above international framework. Nonetheless, to facilitate comparison with private financial institutions, JBIC, in principle, discloses the loans rescheduled in the Paris Club and whose debtor countries are categorized as "Needs Attention" in its self-assessment of asset quality, as loan assets required to be disclosed classifying them either as restructured loans (under the Banking Act) or substandard loans (under the Financial Revitalization Act).

ERNST & YOUNG SHINNIHON LLC audited JBIC's selfassessment regarding the quality of its assets, including the following risk-monitored loans, loans to be disclosed under the Financial Revitalization Act and reserves for possible loan losses, in accordance with the *Practical Guidelines for Evaluation of Internal Control over Valuation of Assets and Audits for Write-Offs and Reserve for Possible Loan Losses of Banks and Similar Institutions* (Report No. 4 of the Ad Hoc Committee for Audits of Banks, the Japanese Institute of Certified Public Accountants (JICPA)).

#### 1. Risk-Monitored Loans

The following table shows the classification of risk-monitored loans based on the self-assessment of asset quality in accordance with the disclosure standard of risk-monitored loans applied to commercial financial institutions (under the Banking Act).

Each category of risk-monitored loans is defined as follows:

#### i. Bankrupt Loans

Among loans that are placed in non-accrual status (except the portion deduced as allowance for loan losses), when collection of either principal or interest becomes doubtful for the reason that principal or interest is past due for a considerable period of time or for other reasons, those loans for which there is filing of reorganization procedures under the Corporate Reorganization Act rehabilitation procedures under the Civil Rehabilitation Act, bankruptcy procedures under the Bankruptcy Act, special liquidation procedures under the Companies Act or other relevant laws, or there is suspension of transactions in promissory notes issued by the debtors in the clearing house.

### ii. Non-accrual Loans

Loans that are placed in non-accrual status except those classified as "Bankrupt Loans" or those whose interest payments are deferred in order to expedite the debtors' business restructuring or support their business operations.

### iii. Past Due Loans (3 months or more)

Loans whose principal or interest is past due 3 months or more from the date following the contractually scheduled payment date and not classified as "Bankrupt Loans" or "Non-accrual Loans".

### iv. Restructured Loans

Loans whose terms and conditions are modified in favor of the debtors in order to expedite the debtors' business restructuring or support their business operations by, among others, reducing the stated interest rate, deferring interest payments or write-downs, and that are not classified as "Bankrupt Loans", "Non-accrual Loans" and "Past Due Loans (3 months or more)".<sup>(Note)</sup>

# 2. Loan Assets to Be Disclosed under the Financial Revitalization Act

The following table shows the classification of loans based on the self-assessment of asset quality in accordance with the disclosure standard of the Financial Revitalization Act.

#### i. Bankrupt and Quasi-bankrupt Assets

"Bankrupt and Quasi-bankrupt Assets" are loans and other credits to debtors who have begun proceedings under the Bankruptcy Act, the Corporate Reorganization Act, the Civil Rehabilitation Act and other similar laws of Japan and have financially failed. In the asset quality self-assessment, these loans are loans to debtors who are legally or substantially bankrupt.

#### ii. Doubtful Assets

"Doubtful Assets" are loans and other credits to debtors whose financial and operational conditions have deteriorated and who have a possibility that payment of principal and / or interest will not be made on a contractual basis. In the asset quality self-assessment, these loans are loans to the debtors who are likely to become bankrupt.

#### iii. Substandard Loans

"Substandard Loans" are loans to debtors who are categorized as "Needs Attention Debtor" in the asset quality self-assessment, and

- A. loans whose principal and / or interest is overdue 3 months or more from the date following the scheduled payment date but which are not categorized as "Bankrupt and Quasi-bankrupt Assets" and "Doubtful Assets" ("Past Due Loans (3 months or more)").
- B. restructured loans on which the Bank granted concessions to debtors in financial difficulties through amending terms and conditions of the loans to assist them to recover and eventually be able to pay to creditors, but which are not categorized as "Bankrupt and Quasi-bankrupt Assets", "Doubtful Assets" or "Overdue Loans (3 months or more)".(Note)

#### iv. Normal Assets

"Normal Assets" are loans to debtors with no particular problem in their financial conditions, categorized in the asset quality self-assessment either as "Loans to Normal Debtors" or "Loans to Needs Attention Debtors (excluding substandard loans)", but which are not categorized as "Bankrupt and Quasi-bankrupt Assets", "Doubtful Assets" and "Substandard Loans".

#### Note

In the event that a debtor country encounters temporary repayment difficulties in respect of external public debt (sovereign debt, trade insurance institutions and export credit institutions, etc.) due to the deteriorating balance of payments, meetings of creditor countries (the "Paris Club") will be held to mutually agree on debt relief measures (rescheduling), and implementing of temporary support for overcoming the liquidity problem (balance of payment support under an international cooperative framework). With this temporary liquidity support, debtors carry out IMF-agreed economic restructuring programs and continue to make debt repayments. The principal amount of loans for which JBIC has agreed to provide debt relief pursuant to the Paris Club agreements is ¥88,536 million as of the end of the fiscal year ended March 31, 2019.

Loans to debtors classified under the self-assessment as "Needs Attention" (but not "Past Due Loans (3 months or more)") that were rescheduled under the Paris Club as "Restructured Loans". The amount of such loans, included in "Restructured Loans" in the above table is ¥56,684 million.

# Notes to the reconciliation of assets, liabilities, and equity as of March 31, 2019 and 2018, and the reconciliation of net profit or loss for the fiscal years ended March 31, 2019 and 2018

#### A. Derivative financial instrument assets and liabilities

#### i. Hedge accounting

The JBIC Group uses derivative financial instruments to hedge interest rate risk and foreign exchange risk. Although fluctuations in the market value of derivatives may result in large valuation gains or losses, the JBIC Group does not realize these gains or losses because it uses derivatives for hedging and, in principle, does not terminate derivatives before maturity. Therefore, the JBIC Group has been applying hedge accounting under Japanese GAAP to derivative transactions in order to eliminate net gains or losses from the valuation of derivatives from its net income.

The JBIC Group has started applying hedge accounting under IFRS 9 from the fiscal year ended March 31, 2019 in order to reflect the effect of risk management activities in its consolidated financial statements and to reduce the significant impact of gains or losses from valuation of derivatives on net profit. However, since IFRS hedge accounting has been applied to the transactions effective from April 1, 2018 and the number of hedged items were limited, the effect of hedge accounting was also limited. Of the total gain from valuation of derivatives amounting to 107.0 billion yen, 29.1 billion yen was eliminated from the net profit for the fiscal year ended March 31, 2019. Hedge accounting under IFRS is explained in Note 3.G of its consolidated financial statements.

From April 1, 2012 to March 31, 2018, the JBIC Group had not applied hedge accounting under IAS 39 *Financial Instruments: Recognition and Measurement.* At the date of transition in 2012, the JBIC Group discontinued hedge accounting under Japanese GAAP in accordance with IAS 39 and IFRS 1 *First-time Adoption of International Financial Reporting Standards.* After the transition, the JBIC Group has amortized the adjusted amounts of the hedged items using the effective interest method.

#### ii. Offsetting derivative financial instrument assets and liabilities

Derivative financial instrument assets and liabilities that meet offset requirements under Japanese GAAP are presented on a net basis by counterparty and included in "Other assets" or "Other liabilities." Of these assets and liabilities, assets and liabilities that do not meet the offset requirements under IFRS are presented on a gross basis as "Derivative financial instrument assets" and "Derivative financial instrument liabilities."

#### iii. Credit risk adjustments

Under IFRS, the JBIC Group determines fair values of derivative financial instrument assets and liabilities in consideration of counterparties or its own credit risks calculated from observable market data.

#### B. Financial assets at fair value through profit or loss

Under IFRS, if contractual cash flows of financial assets are not solely payments of principal and interest, the JBIC Group measures such financial assets at fair value through profit or loss. If contractual cash flows of financial assets are solely payments of principal and interest, and financial assets are held within a business model whose objective is to hold the assets in order to collect contractual cash flows, financial assets are measured at amortized cost. Whereas, Japanese GAAP sets out the approach to measure financial assets according to their legal form and the entity's intention to hold the financial assets.

Stocks, investments in partnerships and some of loans excluding investments held by the JBIC Group and accounted for using the equity method are measured at fair value and presented as "Financial assets at fair value through profit or loss" under IFRS, whereas they are measured at either cost or fair value according to their legal form and holding intention and presented as "Securities" or "Loans and other receivables" under Japanese GAAP. If the net asset value of shares has declined significantly due to a deterioration in the financial position of an issuer, the carrying amount is written down and such valuation difference is recognized as impairment loss for the current period.

Under IFRS, the JBIC Group presents gains and losses arising from such assets are presented as "Net gain (loss) from financial assets at fair value through profit or loss." Under Japanese GAAP, the JBIC Group presents interest income and dividend income as "Interest income," upfront and commitment fees as "Fee and commissions," and realized gains and losses arising from changes in fair value and sales of such assets as "Other income" (when it is a gain) or "Other" (when it is a loss).

#### **C. Securities**

The JBIC Group presents investments in associates and joint ventures as "Securities" under Japanese GAAP and "Equity method investments" under IFRS. For the differences in the measurement method between the accounting standards, see "E. Equity method investments."

Stocks and investments in partnerships other than investments in associates and joint ventures are presented as "Securities" under Japanese GAAP and "Financial assets at fair value through profit or loss" under IFRS. For the differences in the measurement method between the accounting standards, see "B. Financial assets at fair value through profit or loss."

Debt securities included in "Securities" under Japanese GAAP are also presented as "Securities" under IFRS. For the measurement method, debt securities are measured at fair value and valuation gains and losses are recognized as "Valuation difference on available-for-sale securities" under Japanese GAAP, whereas these debt securities are measured at amortized cost under IFRS.

Under IFRS, impairment losses are recognized for securities measured at amortized cost under the expected credit loss model. Impairment losses are estimated at the amount of the expected credit losses expected to occur within the next 12-months from the reporting date or on a lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition of the financial assets. Such impairment losses measured are deducted from securities using an allowance for loan losses.

#### D. Loans and other receivables

"Loans and other receivables" under IFRS include accrued interest income on loans in "Other assets" under Japanese GAAP and also financial assets associated with financial guarantee contracts described in "G. Financial guarantee contracts," but do not include loans and other receivables measured at fair value through profit or loss.

Under IFRS, the JBIC Group measures loans and other receivables initially at fair value plus transaction costs directly attributable to loan origination, and subsequently at amortized cost using the effective interest method. The JBIC Group amortizes loan origination fees, which are considered integral to the origination using the effective interest method. As described in "A. i. Hedge accounting," the JBIC Group adjusted the carrying amounts of loans for which hedge accounting was discontinued at the date of transition and has amortized them in accordance with IFRS 1. Under Japanese GAAP, the JBIC Group recognizes general allowance as well as specific allowance for loan losses.

In accordance with the expected credit loss model under IFRS, the JBIC Group recognizes impairment losses, and the carrying amount of loans

and other receivables is reduced by the amount of impairment losses measured through the allowance for loan losses. See "C. Securities" for the method for recognizing expected credit losses.

#### E. Equity method investments

The JBIC Group's investments in associates and joint ventures are comprised mainly of investments in partnerships. Under Japanese GAAP, the JBIC Group applies the equity method to certain investments in partnerships. Under IFRS, the JBIC Group adopts the equity method to all of its investments in partnerships that are determined as investments in associates and joint ventures, except for investments held by the investment company which is the subsidiary of JBIC. Gains or losses on investments in partnerships to which the equity method is not applied under Japanese GAAP but applied under IFRS are recognized as "Profits of equity method investments" under IFRS.

The JBIC Group presents exchange differences on translation of foreign operations from applying the equity method as "Other reserves" under IFRS, whereas they are presented as "Foreign currency translation adjustment" under Japanese GAAP.

#### F. Bonds payable

Under Japanese GAAP, the JBIC Group expenses bond issuance costs as incurred. Under IFRS, the JBIC Group measures bonds payable initially at fair value less transaction costs directly attributable to bond issuance, such as fees paid to underwriters and discounts at issuance, and subsequently at amortized cost using the effective interest method.

As described in "A. i. Hedge accounting," the JBIC Group adjusted the carrying amounts of bonds payable for which hedge accounting was discontinued at the date of transition and has amortized them in accordance with IFRS 1. For bonds payable to which hedge accounting is applied in accordance with IFRS 9, their carrying amount is adjusted to reflect changes in fair value arising from the underlying hedged risks.

#### G. Financial guarantee contracts

Under Japanese GAAP, the JBIC Group records the same contractual amounts of financial guarantee obligations in both "Customers' liabilities for acceptances and guarantees" as assets and in "Acceptances and guarantees" as liabilities. Under IFRS, the JBIC Group initially measures financial liabilities associated with financial guarantee contracts at fair value as well as financial assets associated with financial guarantee contracts.

For the year ended March 31, 2019, they are subsequently measured at the higher of (a) the amount of the loss allowance determined in accordance with IFRS 9 and (b) the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of IFRS 15 *Revenue from Contracts with Customers*.

For the year ended March 31, 2018, they are subsequently measured at the higher of (a) the amount initially recognized less cumulative amortization recognized in accordance with IAS 18 *Revenue* and (b) the amount determined in accordance with IAS 37 *Provisions, Contingent Liabilities and Contingent Assets.* 

#### H. Liability for retirement benefits

Under Japanese GAAP, the JBIC Group expenses actuarial gains or losses on defined benefit plans in profit or loss as incurred.

Under IFRS, the JBIC Group recognizes remeasurement of defined benefit plans directly in "Other reserves" as incurred and reclassifies immediately to retained earnings. The JBIC Group remeasures retirement benefit obligations under IFRS, and charges for differences caused by the period allocation method of retirement benefit obligations, etc. as "Operating expenses." The JBIC Group includes a liability for retirement benefits in "Other liabilities."

#### I. Difference between the reporting date of consolidated financial statements and of subsidiaries

Under Japanese GAAP, if the difference between the reporting date of consolidated financial statements and of the subsidiary does not exceed three months, it is required that only important inter-company transactions made during that period be reflected in the financial statements of the subsidiary. Accordingly, the JBIC Group adjusts only important inter-company transactions in the consolidated financial statements under Japanese GAAP.

On the other hand, IFRS requires that financial statements of consolidated subsidiaries be prepared on the reporting date of the parent company, except it is impracticable. For this reason, the JBIC Group prepares the financial statements of the subsidiaries whose reporting dates are different from JBIC to conform to the reporting date of JBIC.

# Organizational Chart (As of October 1, 2019)

JBIC is constituted by four mission/sector-specific finance groups (Energy and Natural Resources Finance Group; Infrastructure and Environment Finance Group; Industry Finance Group; and Equity Finance Group) and the Corporate Planning Group, the Credit, Assessment and Risk Management Group and the Treasury and Systems Group which support these finance groups.

This organizational structure was intended to strengthen the capacity to formulate projects by bringing together know-how and expertise in each sector and area, thereby creating an institution that can execute the functions in its mission more flexibly and strategically: the mission directly linked to Japan's economic policy. In the network of overseas representative offices, Singapore, London and New York are assigned as core regional headquarters to supervise business and administrative activities as well as support project formulation in Asia and Pacific; Europe, the Middle East and Africa, and the Americas respectively.

# Japan Bank for International Cooperation Act

# Excerpt of the Japan Bank for International Cooperation Act (Act No. 39 of 2011)

#### Article 1: Purpose

Japan Bank for International Cooperation shall be a *Kabushiki-Kaisha*, which has the purpose of contributing to the sound development of Japan and the international economy and society, by taking responsibility for the financial function to promote the overseas development and securement of resources which are important for Japan, to maintain and improve the international competitiveness of Japanese industries and to promote the overseas business having the purpose of preserving the global environment, such as preventing global warming, also providing the financial services that are necessary to prevent disruptions to international financial order or to take appropriate measures with respect to damages caused by such disruption, while having the objective of supplementing the financial transactions implemented by ordinary financial institutions.

#### Article 3: Holding of Shares by Government

The Government shall, at all times, hold the total number of outstanding shares of JBIC.

#### Article 4: Government's Contribution

- The Government may, when it finds it to be necessary, make contributions to JBIC within the amount appropriated in the budget.
- 2. When a contribution is made by the Government pursuant to the provisions of the preceding Paragraph, JBIC shall, notwithstanding the provisions of Paragraph 2 of Article 445 of the Companies Act (Act No. 86 of 2005), be allowed not to record the amount exceeding half of such contribution amount as the capital. In this case, "this Act" referenced in Paragraph 1 of the same Article shall be deemed to be replaced with "this Act or Japan Bank for International Cooperation Act (Act No. 39 of 2011)."
- 3. When a contribution is made by the Government pursuant to the provisions of Paragraph 1, JBIC shall allocate the capital and reserves increased thereby, to the accounts related to the operations listed in each Item of Article 26-2, in accordance with the separation of accounting set forth in Article 26-2.

#### Article 5: Limitation, etc. on Use of Name

- 1. No person other than JBIC shall use the words "Japan Bank for International Cooperation" in its name.
- 2. The provisions of Paragraph 2 of Article 6 of the Banking Act shall not be applied to JBIC.

# Article 6: Resolution for Appointment and Removal, etc. of Officers, etc.

- 1. The resolution for the appointment and removal of the Officers, etc. (meaning Directors, Executive Officers and Auditor(s); the same shall apply hereinafter) of JBIC shall not take effect unless the authorization of the Minister of Finance is granted.
- 2. The resolution for selection and displacement of a Representative Director or Representative Executive Officer of JBIC shall not take effect unless the authorization of the Minister of Finance is granted.

#### Article 11: Scope of Operations

JBIC shall, for attaining its purpose, engage in the operations listed below:

- (1) The loan of funds necessary for the Export of Equipment, etc., the acquisition by assignment of loan receivables related to such funds, the Guarantee, etc. of Liabilities related to such funds, in the case where the Foreign Financial Institutions, etc. or the Foreign Governments, etc. provide the Guarantee, etc. of Liabilities with respect to such funds, the Guarantee, etc. of Liabilities related to such Guarantee, etc. of Liabilities, or the acquisition of the Public/Corporate Bonds, etc. issued in order to procure such funds by certain measures, such as acquisition through subscription;

- (8) The provision of information to the users of operations provided by JBIC that pertains to such operations; and(9) Any other operations incidental to those listed in each
- of the preceding Items (excluding those listed in Item (7)).

#### Article 12:

- Among the operations listed in Item (1) of the preceding Article, those which are related to the Export of Equipment, etc. destined for any area other than developing overseas areas (hereinafter referred to as the "Developing Areas") may be conducted only in the cases listed below:
  - (1) when necessary countermeasures are taken in accordance with multilateral arrangements in the case where the Foreign Governments, etc., in which exporters conduct the export destined for the said area, grant credit, underwrite insurance or provide an interest (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to an interest; the same shall apply hereinafter in Paragraph 2 of Article 16) support with more favorable conditions than usual in order to promote the export from such foreign countries; or
  - (2) when it is prescribed by a Cabinet Order as being a case recognized especially necessary in order to promote the policies of the Government concerning the maintenance or improvement of the international competitiveness of Japanese industries.
- 2. Among the operations listed in Item (1) of the preceding Article, those relating to the funds provided to the Juridical Persons, etc. of Japan may be conducted only in the cases listed below:
  - (1) where Banks, etc. provide Foreign Juridical Persons, etc. with the loan of funds with respect to the Export of Equipment, etc. necessary for the business with respect to the development of infrastructure and other foundation for socioeconomic activities overseas, and JBIC provides the loan of necessary funds for such loan to the Banks, etc.; or
  - (2) where the execution of the export by the Juridical Persons, etc. of Japan has become remarkably difficult due to disruptions to international financial order and the Minister of Finance determines that the exceptions of operations of JBIC are necessary in order to deal therewith.
- 3. Among the operations listed in Item (2) of the preceding Article, other than those conducted in order to promote overseas development and securement of resources important for Japan, only those relating to the funds listed below that are the Guarantee, etc. of Liabilities may be conducted:

- funds necessary to import the products, such as aircraft, specified by the Minister of Finance, with respect to which the products made in Japan are not sufficient to replace and the import to Japan is essential; or
- (2) funds necessary to introduce such technologies specified by the Minister of Finance, with respect to which the technologies of Japan are not sufficient to replace and the introduction to Japan is essential.
- 4. Among the operations listed in Item (3) of the preceding Article, those relating to the short-term loans may be conducted only in the case where JBIC has agreed to make loan of funds (excluding short-term funds) set forth in the same Item for the execution of business conducted by the Juridical Persons, etc. of Japan and the Foreign Juridical Persons, etc. Invested in and such loan of funds is recognized especially necessary in order to execute such business.
- 5. Among the operations listed in Item (3) of the preceding Article, the loan of funds necessary for the overseas business to be conducted by the Juridical Persons, etc. of Japan, other than those listed in Item (2) of the following Paragraph, may be conducted only if such loan is provided directly to such Juridical Persons, etc.
- 6. Among the operations listed in Item (3) of the preceding Article (excluding those conducted in order to promote overseas development and securement of resources important for Japan), loans to the Juridical Persons, etc. of Japan, other than the loans to the Small and Medium Enterprises, etc. (meaning the Small and Medium Enterprises or medium enterprises specified by the Minister of Finance; hereinafter the same shall apply) may be conducted only in the cases listed below.
  - (1) When the Juridical Persons, etc. of Japan begin or expand overseas business, or improve the efficiency thereof by contributing to the foreign juridical persons or accepting the assignment of all or part of the business of the foreign juridical persons (hereinafter referred to as "Contributions, etc." in this Item), in the case where the loan of funds necessary for such Contributions, etc. is provided (only when it is prescribed by a Cabinet Order as being a case recognized especially necessary in order to promote the policies of the Government concerning the maintenance or improvement of the international competitiveness of Japanese industries).
  - (2) When the Banks, etc. provide the loan of funds listed below, in the case where the loan of funds necessary for such loan by such Banks, etc. is provided to such Banks, etc.:
    - a. loan of funds set forth in Item (3) of the preceding Article to the Small and Medium Enterprises, etc. or the Foreign Juridical Persons, etc. Invested in related to the contribution of the Small and Medium Enterprises, etc.;
    - b. loan of funds set forth in the preceding Item to the Juridical Persons, etc. of Japan (limited to those prescribed by the Cabinet Order set forth in the same Item); or
    - c. loan of funds set forth in Item (3) of the preceding Article to the Juridical Persons, etc. of Japan, Foreign Governments, etc., or Foreign Juridical Persons, etc. Invested in (limited to those related to the business with respect to the development of infrastructure and other foundation for socioeconomic activities overseas).
  - (3) When the loan of necessary funds is provided to the Juridical Persons, etc. of Japan for such Juridical Persons, etc. to conduct a business of leasing equipment made in Japan to overseas market (limited to those prescribed

by a Cabinet Order as being a case recognized especially necessary in order to promote the policies of the Government concerning the maintenance or improvement of the international competitiveness of Japanese industries).

- (4) When the execution of overseas business of the Juridical Persons, etc. of Japan has become remarkably difficult due to disruptions to international financial order, in the case where the Minister of Finance determines that the exceptions of operations of JBIC are necessary in order to deal therewith.
- 7. Among the operations listed in Item (3) of the preceding Article (excluding those conducted in order to promote overseas development and securement of resources important for Japan), with respect to the business in any area other than the Developing Areas may be conducted only when it is prescribed by a Cabinet Order as being a case recognized especially necessary in order to promote the policies of the Government concerning the maintenance or improvement of the international competitiveness of Japanese industries.
- 8. The loan to the governments, governmental agencies or banks of foreign countries listed in Item (5) of the preceding Article may be conducted by obtaining the authorization of the Minister of Finance only when the provision of the Funds for Economic Assistance from the International Monetary Fund, etc. is expected to be certain and only in the cases listed below:
  - where, by appropriating all or part of the Funds for Economic Assistance from the International Monetary Fund, etc. (excluding JBIC) for the redemption of the funds related to the loan, the redemption is expected to be secured; or
  - (2) where adequate underlying assets are secured for the loan.
- 9. Among the operations listed in Items (1) through (4) of the preceding Article, the Guarantee, etc. of Liabilities related to the liabilities of any person other than the Juridical Persons, etc. of Japan (excluding those related to the Public/Corporate Bonds, etc.) may be provided only in the cases listed below:
  - (1) When the Banks, etc., Foreign Financial Institutions, etc. or Foreign Governments, etc. provide the loan of such funds set forth in Items (1) through (4) of the preceding Article, in the case where the Guarantee, etc. of Liabilities related to such loan is provided (including the case in which the loan receivables related to such loan are assigned to the persons specified by the Minister of Finance);
  - (2) In the case where the Guarantee, etc. of Liabilities related to the Guarantee, etc. of Liabilities set forth in Items (1) and (3) of the preceding Article is provided;
  - (3) When, among the Guarantee, etc. of Liabilities related to the funds set forth in Item (3) of the preceding Article, the Juridical Persons, etc. of Japan or the Foreign Juridical Persons, etc. Invested in assign the monetary claims related to the overseas business to be conducted by the Juridical Persons, etc. of Japan or the Foreign Juridical Persons, etc. Invested in to the Banks, etc. or Foreign Financial Institutions, etc. and use the proceeds from the assignment for such business, in the case where the Guarantee, etc. of Liabilities related to such monetary claims is provided; or
  - (4) When the Banks, etc. or Foreign Financial Institutions, etc. provide the loan of funds set forth in Item (3) of the preceding Article in foreign currency, in the case where the Guarantee, etc. of Liabilities related

to swap transactions (transactions listed in Item 5 of Paragraph 22 of Article 2 of the Financial Instruments and Exchange Act (Act No. 25 of 1948)) related to such funds conducted by such Banks, etc. or Foreign Financial Institutions, etc., is provided.

- 10. Among the operations listed in Items (1) through (4) of the preceding Article, the Guarantee, etc. of Liabilities (limited to those related to the Public/Corporate Bonds, etc.) and the acquisition of the Public/Corporate Bonds, etc. may be conducted only in the cases listed below (with respect to the operations listed in Items (1) through (3) of the same Article, the cases listed in Items (2) through (7) below shall apply):
  - where part of the Public/Corporate Bonds, etc. (limited to those with a redemption period of more than one (1) year; the same shall apply in the following Item and Item (3) below) that were issued by the Foreign Financial Institutions, etc., the Foreign Governments, etc. or international organizations, such as the International Monetary Fund, are acquired;
  - (2) where the Public/Corporate Bonds, etc. are acquired and then such Public/Corporate Bonds, etc. are assigned to the Specific Purpose Company, etc. within the period specified by the Minister of Finance or where the Specific Trust is established, the Public/Corporate Bonds, etc. are entrusted to the Trust Company, etc. as assets of such Specific Trust, and then all or part of beneficial interests in such Specific Trust is assigned;
  - (3) where the Public/Corporate Bonds, etc. to be issued by the Specific Purpose Company, etc. or the Trust Company, etc. which are secured by loan receivables or the Public/Corporate Bonds, etc. are acquired;
  - (4) where the Guarantee, etc. of Liabilities relating to the Public/Corporate Bonds, etc. to be issued by the Foreign Juridical Persons, etc. Invested in, the Foreign Financial Institutions, etc., the Foreign Governments, etc. or international organizations, such as the International Monetary Fund, is provided;
  - (5) where the Guarantee, etc. of Liabilities related to such loan receivables, Public/Corporate Bonds, etc. or the monetary claims, which constitute such underlying assets, or the Public/Corporate Bonds, etc. to be issued by the Specific Purpose Company, etc. or the Trust Company, etc. is provided (excluding the Guarantee, etc. of Liabilities related to the Public/Corporate Bonds, etc. to be issued by the Banks, etc.) when the Specific Purpose Company, etc. or the Trust Company, etc. issues the Public/Corporate Bonds, etc. which are secured by loan receivables, the Public/Corporate Bonds, etc. or the monetary claims set forth in Item (3) of the preceding Paragraph;
  - (6) where the Guarantee, etc. of Liabilities related to the borrowing of funds by the Specific Purpose Company, etc. for the purpose of acquiring by assignment, or acquiring, such loan receivables or Public/Corporate Bonds, etc., which constitute such underlying assets, is provided when the Specific Purpose Company, etc. issues the Public/Corporate Bonds, etc., which are secured by loan receivables or the Public/Corporate Bonds, etc.; or
  - (7) where corporate bonds, any equivalent bond certificates or beneficial interests in trust (limited to those with a redemption period of more than one (1) year) that were issued by Juridical Persons, etc. in order to procure the funds necessary for the business with respect to the development of infrastructure and other foundation for socioeconomic activities overseas, are acquired.

- 11. Among the operations listed in Items (1) through (4) of the preceding Article, those listed below shall be conducted only when the loan thereof or the loan related to the loan receivables to be assigned is the Co-financing; provided, however, that this shall not apply, with respect to the operations listed in Item (1) below, in the case where it is recognized that it is remarkably difficult for the Banks, etc. to provide a loan of funds together with JBIC and the loan from JBIC is urgently necessary to attain the purpose of such loan, or if the case falls under any of the cases listed in Item (1) of Paragraph 2 or Item (2) of Paragraph 6 hereof, with respect to the operations listed in Item (2) below, in the case where the loan receivables to the Foreign Juridical Persons, etc. Invested in with a redemption period of more than one (1) year are acquired by assignment within the period specified by the Minister of Finance for the purpose of assigning the same to the Specific Purpose Company, etc. or for the purpose of establishing the Specific Trust, with respect to the same, in the Trust Company, etc. and assigning all or part of the beneficial interest in such Specific Trust:
  - loan of funds pursuant to the provisions of Items
     through (3) of the preceding Article made to the Juridical Persons, etc. of Japan; or
  - (2) acquisition by assignment of the loan receivables pursuant to the provisions of Items (1) through (4) of the preceding Article.
- 12. The operations listed in Item (7) of the preceding Article may be conducted only if they are the minimum necessary to promote the performance of the operations listed in Items (1) through (6) of the same Article smoothly and effectively.

#### Article 13: Practice of the Operation

- The loan of funds, the acquisition by assignment of loan receivables, the acquisition of the Corporate/Public Bonds, etc., the Guarantee, etc. of Liabilities or the provision of contributions pursuant to the provisions of Items (1) through (6) of Article 11 hereof may be conducted only in the cases listed below:
  - (1) when the repayment of the funds so loaned, the collection of loan receivables so acquired, the redemption of Corporate/Public Bonds, etc. so acquired, the performance of the liabilities so guaranteed, etc. or the realization of profits that enable the payment of dividends resulting from business so contributed is recognized as being certain; or
  - (2) when the conditions, such as the interest rates (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to interest rates; the same shall apply hereinafter in the following Paragraph) of loans (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to a loan; the same shall apply hereinafter in the following Paragraph and Paragraph 2 of Article 16) and yield on loan receivables related to such loan (excluding loan of funds pursuant to the provisions of Items (2) and (5) of Article 11), such acquisition by assignment (excluding acquisition by assignment of loan receivables pursuant to the provisions of Item (2) of the same Article), such acquisition (excluding the acquisition of the Public/Corporate Bonds, etc. pursuant to the provisions of the same Item), such Guarantees, etc. of Liabilities (excluding guarantee, etc. of liabilities pursuant to the provisions of the same Item) or such contribution (for all such operations, limited to

those related to the businesses with respect to the development of infrastructure and other foundation for socioeconomic activities overseas), are recognized as being appropriate, in light of the risks, etc. of such loans, such assigned loan receivables and other assets becoming irrecoverable (excluding the cases listed in the preceding Item).

2. The conditions, such as the interest rates of loans and yield on assigned loan receivables related to the operations listed in Items (1) through (6) of Article 11, shall be determined in light of usual conditions for transactions by the Banks, etc. or the trends of financial markets, so that revenue of each of the accounts of the respective operations listed in each of the Items of Article 26-2 will be sufficient to cover the expenses therefor.

#### Article 13-2: Special Operations Guidelines

- The Minister of Finance shall prescribe and make public the guidelines (hereinafter referred to as the "Special Operations Guidelines" in the following Paragraph and Paragraph 1 of the following Article) that JBIC shall follow upon conducting the operations listed below (hereinafter referred to as the "Special Operations"):
  - Operations listed in Items (1), (3), (4) and (6) of Article 11 that are conducted in the cases listed in Item (2), Paragraph 1 of the preceding Article;
  - (2) Operations listed in Item (7) of Article 11 related to the operations listed in the preceding Item;
  - (3) Operations listed in Item (8) of Article 11 related to the operations listed in the preceding two (2) Items; or
  - (4) Operations listed in Item (9) of Article 11 related to the operations listed in the preceding three (3) Items (excluding operations listed in Item (2)).
- 2. The Special Operations Guidelines shall set forth the following matters:
  - Standards to follow upon conducting the loan of funds, the acquisition by assignment of loan receivables, acquisition of the Public/Corporate Bonds, etc., the Guarantee, etc. of Liabilities or conducting the contributions related to the Special Operations;
  - (2) Matters regarding appropriate financial management of the Special Operations;
  - (3) Matters regarding supplement of financial transactions implemented by ordinary financial institutions in respect of the Special Operations;
  - (4) Matters regarding the system for conducting evaluation and monitoring with respect to the status of the implementation of the Special Operations;
  - (5) Matters regarding reports to the Minister of Finance with respect to the status of the implementation of the Special Operations; and
  - (6) Other matters necessary to ensure appropriate implementation of the Special Operations.

#### Article 13-3: Basic Policy concerning the Special Operations

- JBIC shall set forth a basic policy concerning the Special Operations (hereinafter referred to as the "Special Operations Basic Policy" in the following Paragraph) with respect to the implementation of matters regarding the Special Operations as prescribed by the Ordinance of the Ministry of Finance, pursuant to the Special Operations Guidelines, and obtain the authorization of the Minister of Finance. The same shall apply if JBIC intends to make any changes thereto.
- 2. When the Minister of Finance determines that the Special Operations Basic Policy, approved pursuant to the provisions

of the preceding Paragraph, has become inappropriate for JBIC to conduct the Special Operations appropriately, the Minister of Finance may order JBIC to change it.

#### Article 15: Business Year

The business year of JBIC shall begin on April 1 of each year and end on March 31 of the following year.

#### Article 16: Budget

- 1. JBIC shall prepare the budget for revenues and expenditures and submit it to the Minister of Finance for each business year.
- 2. The revenues set forth in the preceding Paragraph mean interest on loans (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to an interest), interest on the Corporate/Public Bonds, etc., dividends on contributions, debt guarantee fees and other incomes related to asset management and miscellaneous incidental income, and the expenditures set forth in the same Paragraph mean expense of operations, business entrustment fees, interest on borrowings (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to a borrowing; the same shall apply hereinafter in Paragraphs 1 and 3 of Article 33), interest on bonds and notes and incidental expenses.
- 3. Upon receipt of the budget submitted pursuant to the provisions of Paragraph 1 above, the Minister of Finance shall examine such budget and make any necessary adjustments thereto, and obtain the Cabinet's decision thereon.
- After the Cabinet's decision is made pursuant to the provisions of the preceding Paragraph, the Cabinet shall submit such budget to the Diet together with the national budget.
- 5. The form and content of the budget and procedures for the preparation and submission thereof shall be specified by the Minister of Finance.

#### **Article 26: Submission of Financial Statements**

- 1. JBIC shall prepare the list of assets every business year.
- 2. JBIC shall, within three (3) months after the end of every business year, submit to the Minister of Finance the balance sheets, statements of operations and list of assets (hereinafter referred to as the "Balance Sheets, etc.") and business report (including the Electro-Magnetic Record (which means the record specified by the Minister of Finance as a record which is produced by electronic, magnetic, or any other means unrecognizable by human perception and which is used for data-processing by a computer; the same shall apply hereinafter) which has recorded the matters to be described in such Balance Sheets, etc. and its business report) for each business year.

#### Article 26-2: Separate Accounting

JBIC shall separate the accounting for each category of operations listed below and allocate it by establishing the respective accounts for each category:

- (1) Operations other than the Special Operations (referred to in Article 33 as "Ordinary Operations"); and
- (2) Special Operations.

#### Article 26-3: Mutatis Mutandis Application of the Companies Act, etc. in respect of Separate Accounting

1. The provisions of Article 295, 337, 374, 396, Articles 431 through 443, and Articles 446 and 447 of the Companies Act shall apply *mutatis mutandis* to the separate accounting

implemented by JBIC pursuant to the provisions of the preceding Paragraph. In such case, the term, "of a Stock Company", referenced in Article 446 of the same Act, shall be deemed to be replaced with "that belongs to the account established under the provision of Article 26-2 of Japan Bank for International Cooperation Act (Act No. 39 of 2011)"; the term, "the amounts listed in item (v) through (vii) from the sum", also referenced therein, shall be deemed to be replaced with "the amounts listed in item (v) through (vii), which is recorded in the account to which the said surplus belongs to, from the sum which is recorded in the account to which the said surplus belongs to"; and the term, "stated capital", referenced in Paragraphs 1 and 2 of Article 447 of the same Act, shall be deemed to be replaced with "stated capital belonging to the account established pursuant to the provision of Article 26-2 of Japan Bank for International Cooperation Act"; the term, "reserves", referenced in Item 2 of Paragraph 1 of the same Article, shall be deemed to be replaced with "reserves belonging to the account established pursuant to the provision of the same Article"; and the term, "and the reserves", also referenced therein, shall be deemed to be replaced with "and such reserves"; the term "the stated capital", referenced in Paragraph 3 of the same Article, shall be deemed to be replaced with "the stated capital belonging to the account established pursuant to the provision of Article 26-2 of Japan Bank for International Cooperation Act"; and the term, "the stated capital", also referenced therein, shall be deemed to be replaced with "the stated capital belonging to the account established pursuant to the provision of the same Article"; and any other necessary technical replacement of terms shall be specified by a Cabinet Order.

- 2. The provisions of Article 448, 449, and Paragraphs 1 (limited to the portions related to Item 5 thereof) and 2 (limited to the portions related to Item 5 thereof) of Article 828 of the Companies Act shall apply mutatis mutandis to the accounting practices implemented by JBIC by separating it pursuant to the provisions of the preceding Article, except for the case where any surplus is accumulated as a reserve under the provisions of Paragraph 1 of Article 31 hereof and the case where such reserve is drawn down pursuant to the provision of Paragraph 2 of Article 31 hereof. In this case, the term "the reserves", referenced in Paragraphs 1 and 2 of Article 448 of the same Act, shall be deemed to be replaced with "the reserves belonging to the account established pursuant to the provision of Article 26-2 of Japan Bank for International Cooperation Act"; the term "the stated capital", referenced in Item 2 of Paragraph 1 of the same Article shall be deemed to be replaced with "the stated capital that shall belong to the account established pursuant to the provision of the same Article"; the term, "and the stated capital", also referenced therein, shall be deemed to be replaced with "and such stated capital"; the term, "the reserves", referenced in Paragraph 3 of the same Article, shall be deemed to be replaced with "the reserves belonging to the account established pursuant to the provision of Article 26-2 of Japan Bank for International Cooperation Act"; and the term, "the reserves", also referenced therein in the same Paragraph, shall be deemed to be replaced with "the reserves belonging to the account established pursuant to the provision of the same Article"; and any other necessary technical replacement of terms shall be specified by a Cabinet Order.
- In the case where JBIC increases or reduces the amount of its stated capital belonging to the account established pursuant to the provisions of the preceding Article, an amount of JBIC's stated capital shall be the sum of the amounts of

stated capital belonging to all the accounts of JBIC after the implementation of such increase or reduction; and in the case where JBIC increases or reduces the amount of its reserves belonging to the account established pursuant to the provision of the same Article, the amount of JBIC's reserves shall be the sum of the amounts of the reserves belonging to all the accounts of JBIC after the implementation of such increase or reduction. In this case, the provisions of Articles 447 through 449, and Paragraphs 1 (limited to the portions related to Item 5) and 2 (limited to the portions related to Item 5)of Article 828 of the Companies Act shall not apply.

#### Article 27: Preparation and Submission of Report on Settlement of Accounts

- 1. After submitting the Balance Sheets, etc. pursuant to the provisions of Paragraph 2 of Article 26, JBIC shall, every business year, prepare a report on the settlement of accounts for the relevant business year (including the Electro-Magnetic Record which has recorded the matters to be described in such report on the settlement of accounts; the same shall apply hereinafter) and submit it to the Minister of Finance, without delay, by attaching the opinion of the Auditor(s), Audit and Supervisory Committee or Audit Committee concerning such report on the settlement of accounts, together with such submitted Balance Sheets, etc.
- 2. Upon receiving the report on the settlement of accounts pursuant to the provisions of the preceding Paragraph, the Minister of Finance shall send it to the Cabinet, together with the Balance Sheets, etc. referenced in the same Paragraph.
- 3. Upon making the submission pursuant to the provisions of Paragraph 1 of this Article, JBIC shall, without delay, keep the report on the settlement of accounts and the document stating the opinion of the Auditor(s), Audit and Supervisory Committee or Audit Committee at its head office and branch offices and make them available for public inspection during the period prescribed by the Ordinance of the Ministry of Finance.
- 4. The form and content of the report on the settlement of accounts shall be specified by the Minister of Finance.

#### Article 28: Sending of Report on Settlement of Accounts to Board of Audit of Japan

Upon receiving JBIC's report on the settlement of accounts pursuant to the provisions of Paragraph 2 of the preceding Article, the Cabinet shall send it, together with the Balance Sheets, etc. set forth in Paragraph 1 of the same Article, to the Board of Audit of Japan no later than November 30 of the following business year.

# Article 29: Submission of Report on Settlement of Accounts to Diet

The Cabinet shall submit JBIC's report on the settlement of accounts for which the Board of Audit of Japan has finished its inspection, to the Diet, by attaching the Balance Sheets, etc. set forth in Paragraph 1 of Article 27 hereof, together with the settlement of accounts for national revenues and expenditures.

#### Article 31: Payment to National Treasury

 In each of the accounts related to the operations listed in each Item of Article 26-2, in the event that the amount of the surplus recorded in the settlement of accounts for each business year exceeds zero, JBIC shall accumulate, as a reserve, the amount calculated in accordance with the standards prescribed by a Cabinet Order, among such surplus, until it reaches the amount prescribed by the Cabinet Order, and if there is still a surplus, JBIC shall pay the amount of such surplus into the National Treasury within three (3) months after the end of such business year.

- 2. In the event that the amount of the surplus recorded in the settlement of accounts for each business year falls below zero in the respective accounts set forth in the preceding Paragraph, JBIC shall allocate such surplus by drawing down the reserve set forth in the same Paragraph until the amount of such surplus becomes zero.
- 3. The procedures for the payment into the National Treasury pursuant to the provisions of Paragraph 1 of this Article, the account into which such payment is to be made and other necessary matters concerning the payment to the National Treasury shall be prescribed by a Cabinet Order.
- 4. The reserves set forth in Paragraph 1 shall be allocated for each category of the accounts related to the operations listed in each Item of Article 26-2.
- 5. JBIC shall not be allowed to make any appropriation of its surplus, such as dividend of its surplus, nor any appropriation of its surplus belonging to the accounts related to the operations listed in each Item of Article 26-2, such as dividends of such surplus, unless such disposition is made pursuant to the provisions of Paragraphs 1 and 2 of this Article.

#### Article 32: Provision of Loans by Government

The Government may provide monetary loans to JBIC.

#### Article 33: Borrowings and Corporate Bonds

- 1. Borrowing of funds (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to a borrowing; the same shall apply hereinafter in this Article, Paragraph 1 of Article 35 and Item 5 of Article 46) made in order to meet JBIC's fund requirements for the performance of its operations shall be limited to the borrowings of short-term loans (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to short-term loans; the same shall apply hereinafter in the following Paragraph and Paragraph 6), or long-term loans in foreign currency (meaning a borrowing of an amount in foreign currency with a repayment period of more than one (1) year; the same shall apply hereinafter in this Article and Paragraph 1 of Article 35), from financial institutions, such as banks, or the borrowings related to the monetary loans obtained from the Government pursuant to the provisions of the preceding Article.
- 2. The short-term loans (excluding those in foreign currency) set forth in the preceding Paragraph shall be repaid during the business year in which these borrowings are made; provided, however, that in cases where repayment cannot be made due to shortage of funds, JBIC may reborrow (including those prescribed by the Ordinance of the Ministry of Finance as having an economic nature similar to an act of reborrowing; the same shall apply hereinafter in the following Paragraph and Paragraph 7) only the amount which cannot be so repaid, with the authorization of the Minister of Finance.
- 3. Loans reborrowed pursuant to the proviso of the preceding Paragraph shall be repaid within one (1) year.
- 4. Pursuant to the provisions of a Cabinet Order, JBIC shall, every business year, prepare a basic policy concerning the issuance of corporate bonds and the borrowing of longterm loans in foreign currency made in order to meet fund

requirements for the performance of its operations and obtain the authorization of the Minister of Finance. When JBIC intends to make any change to the policy, the same shall apply.

- 5. When JBIC has issued corporate bonds or borrowed the long-term loans in foreign currency pursuant to the provisions of preceding Paragraph, it shall, without delay, make a notification of such fact to the Minister of Finance pursuant to the provisions prescribed by a Cabinet Order; provided, however, that this shall not apply if JBIC issues the certificates of corporate bonds, as prescribed by a Cabinet Order, in order to deliver to anyone who has lost such certificates of corporate bonds and, as a result of the issuance of such certificates of corporate bonds, JBIC assumes new liabilities.
- 6. The total amount of (i) the outstanding amounts of the short-term loans, the long-term loans in foreign currency and the borrowings related to the monetary loans obtained from the Government as set forth in Paragraph 1 of this Article that are made in order to meet JBIC's fund requirements for the performance of its Ordinary Operations, and (ii) the outstanding amount of liabilities relating to the principal amount of corporate bonds set forth in Paragraph 4 of this Article that are issued in order to meet JBIC's fund requirements for the performance of its Ordinary Operations shall not exceed the amount (hereinafter referred to as the "Limitation Amount Related to Ordinary Operations" in this Article) equivalent to ten (10) times the total amount of the capital and reserves belonging to the account related to the Ordinary Operations of JBIC (hereinafter referred to as the "Base Amount Related to Ordinary Operations" in this Article).
- 7. Notwithstanding the provisions of the preceding Paragraph, when the issuance of new bonds is necessary to reborrow the issued corporate bonds with respect to corporate bonds set forth in Paragraph 4 of this Article that were issued in order to meet JBIC's fund requirements for the performance of its Ordinary Operations, the corporate bonds may be issued in excess of the Limitation Amount Related to Ordinary Operations only within the period necessary to make such reborrowing.
- 8. Among the Ordinary Operations, the total amount of the outstanding amounts of (i) monetary loans, (ii) acquisition of the receivables related to assignment and the Corporate/ Public Bonds, etc., (iii) liabilities relating to the Guarantee, etc. of Liabilities and (iv) contributions, all of which are made pursuant to the provisions of Items (1) through (6) of Article 11 hereof, shall not exceed the aggregate amount of the Base Amount Related to Ordinary Operations and the Limitation Amount Related to Ordinary Operations.
- 9. The provisions set forth in the preceding three (3) paragraphs shall apply *mutatis mutandis* to the Special Operations. In this case, the term, "Base Amount Related to Ordinary Operations", referenced in Paragraphs 6 and the preceding Paragraph, shall be deemed to be replaced with "Base Amount Related to Special Operations"; the term, "Limitation Amount Related to Ordinary Operations", referenced in the preceding three (3) paragraphs, shall be deemed to be replaced with "base Amount Related to Ordinary Operations"; the term, "Limitation Amount Related to Ordinary Operations", referenced in the preceding three (3) paragraphs, shall be deemed to be replaced with "Limitation Amount Related to Special Operations"; and the term, "through (6)", referenced in the preceding Paragraph, shall be deemed to be replaced with", Item (3), (4) and (6)".
- 10. The monetary funds financed through the borrowing of funds or the issuance of the corporate bonds pursuant to the provisions of this Article shall, in accordance with the separate accounting set forth in Article 26-2 hereof, be allocated to the respective accounts relevant to the

operations listed in each Item of the same Article.

#### Article 34: Statutory Lien

- 1. A holder of JBIC's corporate bonds shall, with respect to the property of JBIC, have the right to have his/her receivables satisfied in preference to other creditors.
- 2. The order of the statutory lien set forth in the preceding Paragraph shall be next to the general liens prescribed by the provisions of the Civil Code (Act No. 89 of 1896).

#### Article 35: Government Guarantee

- Notwithstanding the provisions of Article 3 of the Act Concerning Restrictions on Financial Assistance by the Government to Corporations (Act No. 24 of 1946), the Government may execute a guarantee agreement with respect to the liabilities related to JBIC's corporate bonds (excluding the liabilities with respect to which the Government may execute a guarantee agreement under Paragraph 2 of Article 2 of the Act on Special Measures Pertaining to the Acceptance of Foreign Capital from the International Bank for Reconstruction and Development, etc. (Act No. 51 of 1953) (referred to as the "Foreign Capital Acceptance Act" in the following Paragraph and Paragraph 1 of Article 16 of the Supplementary Provisions)) or the liabilities related to the long-term loans in foreign currency, within the scope of the amount fixed by the budget.
- 2. Among the amount fixed by the budget set forth in the preceding Paragraph, the amount of liabilities related to the corporate bonds issued in a foreign country and denominated in Japanese currency may be fixed by adding up to the amount fixed by the budget as set forth in Paragraph 2 of Article 2 of the Foreign Capital Acceptance Act, when it is difficult to fix the said amount of liabilities separately from the said amount fixed by the budget set forth in the same paragraph of the Foreign Capital Acceptance Act.
- 3. The Government may, in addition to the provisions of Paragraph 1 of this Article, execute a guarantee agreement with respect to the liabilities related to the certificates of corporate bonds or coupons thereof, which are issued by JBIC, pursuant to the provisions prescribed by a Cabinet Order, in order to deliver to a person who has lost the certificates of corporate bonds or coupons thereof.

#### Article 36: Investment of Surplus Funds

JBIC shall not invest any surplus funds of its business except by means of:

- Acquisition of national government bonds, local government bonds or government-guaranteed bonds (which mean the bonds for which the redemption of its principal and payment of interest thereon are guaranteed by the Government) and other securities designated by the Minister of Finance;
- (2) Deposit with the Fiscal Loan Fund;
- Deposit with banks or other financial institutions designated by the Minister of Finance;
- (4) Holding of negotiable deposit certificates;
- (5) Money trust to the financial institutions engaging in trust business (which mean the financial institutions that have obtained the authorization set forth in Paragraph 1 of Article 1 of the Act on Provision, etc. of Trust Business by Financial Institutions);
- (6) Lending of call funds; or
- (7) Means prescribed in the Ordinance of the Ministry of Finance as the means equivalent to the means listed in each of the preceding Items.

#### Article 38: Supervision

- 1. The Minister of Finance shall supervise JBIC in accordance with the provisions of this Act.
- 2. With respect to the management or administration of JBIC, in the case where the Minister of Finance finds that there is a violation of laws and regulations or the Articles of Incorporation or any grossly unjust matter exists and in other cases where they find it necessary for the enforcement of this Act, the Minister of Finance may issue JBIC orders concerning its operations as are necessary for the supervision.

#### Article 39: Report and Inspection

- If the Minister of Finance finds it necessary for the enforcement of this Act, the Minister of Finance may cause JBIC or the Juridical Person Delegated to submit reports or may cause its officials to enter the facilities of JBIC or of the Juridical Person Delegated, such as the offices to inspect the accounting books, documents and other necessary objects; provided, however, that, with respect to the Juridical Person Delegated, such action shall be limited to the scope of operations delegated to it by JBIC.
- 2. When an official of the Minister of Finance carries out an onsite inspection pursuant to the provisions of the preceding Paragraph, he/she shall carry with him/her identification certifying his/her status and present it to parties concerned.
- 3. The authority to carry out the on-site inspection pursuant to the provisions of Paragraph 1 above shall not be construed to be that given for the investigation of a criminal offense.

#### **Article 40: Delegation of Authority**

- The Minister of Finance may, as prescribed by a Cabinet Order, delegate part of the authority to carry out an onsite inspection pursuant to the provisions of Paragraph 1 of the preceding Article to the Prime Minister.
- 2. If the Prime Minister has carried out an on-site inspection pursuant to the provisions of Paragraph 1 of the preceding Article on the basis of the delegation pursuant to the provisions of the preceding Paragraph, he/she shall promptly submit a report of the results of the inspection to the Minister of Finance.
- 3. The Prime Minister shall delegate both the authority delegated pursuant to the provisions of Paragraph 1 above and the authority set forth in the provisions of the preceding Paragraph to the Commissioner of Financial Services Agency.
- 4. The Commissioner of Financial Services Agency may, as prescribed by a Cabinet Order, delegate all or part of the authority delegated pursuant to the provisions of the preceding Paragraph, to Director-General of the Local Finance Bureau or the Director-General of the Local Finance Branch Bureau.
- 5. Part of the authority of the Minister of Finance set forth in this Act (excluding that delegated to the Prime Minister pursuant to the provisions of Paragraph 1 above) may, as prescribed by a Cabinet Order, be delegated to the Director-General of the Local Finance Bureau or the Director-General of the Local Finance Branch Bureau.

- JBIC IG Partners
- RJIF Management Limited
- Russian-Japan Investment Fund, L.P.
- JB Nordic General Partner S.à.r.l.
- JB Nordic Ventures Oy
- JB Nordic Fund I SCSp

#### 3. Method of Managing Transactions That May Cause Conflicts of Interest

If the JBIC Group identifies any situations where conflicts of interest may arise in connection with transactions with its clients, the JBIC Group will take measures in accordance with the relevant situation, including, for example, the following methods:

- The method of separating the department conducting the Subject Transaction, from the department conducting the transaction with such client;
- The method of amending the conditions or method of the Subject Transaction or the transaction with such client;
- The method of discontinuing the Subject Transaction or the transaction with such client;
- The method of properly disclosing to such client the possibility that the interests of the client may be unjustly impaired in connection with the Subject Transaction; and/or
- Any other methods to properly manage the Subject Transaction.

#### 4. Conflict of Interest Management System

The JBIC Group will centrally manage the group's overall conflict of interest by establishing a department which will manage and control conflicts of interest. The JBIC Group will continue to establish and maintain proper internal systems and comply with laws and regulations and other rules concerning the management of conflicts of interest.

# **Privacy Policy**

Japan Bank for International Cooperation (hereinafter "JBIC") positions the trust of our clients as our first priority, deeply recognizes the importance of our clients' personal information, and believes that it is our duty to our clients to properly manage and protect their personal information.
