# Summary of the Financial Statements for the Fiscal Year Ending March 2003 (In accordance with the JBIC Law)

Japan Bank for International Cooperation

Pursuant to Article 40 of the Japan Bank for International Cooperation Law ("JBIC Law"), Japan Bank for International Cooperation ("the Bank") prepared its financial statements for the fiscal year 2002 (April 1, 2002 - March 31, 2003) and published them in an official gazette on June 30, 2003. The highlights of the financial statements are shown below. The financial statements were prepared in accordance with JBIC Law, the regulations thereunder and the accounting principles for special public corporations (Report dated October 2, 1987 from the Sub-Committee on the Accounting Practices for Public Corporations under the Fiscal System Council).

#### 1. Overview

The Bank posted a profit of 60.5 billion yen from the International Financial Account (decreased 27.7 billion yen from the previous term) and a loss of 260.1 billion yen from the Overseas Economic Cooperation Account (decreased 358.5 billion yen from the previous term) in fiscal year 2002.

The substantial declines in financial performances of both accounts were primarily ascribed to the Bank's preparatory appropriations for new allowance for possible loan losses following the announcement by the Japanese government on December 2002, "Changes of the Debt Relief Method". In accordance with this announcement, grant aid for debt relief provided by Japanese government was replaced by a waiver of loans provided by the Bank.

As of the end of fiscal year 2002, the International Financial Account had total assets of 10,700 billion yen (decreased 908.6 billion yen from the previous term), total liabilities of 9,045.7 billion yen (decreased 925 billion yen from the previous term), and total capital and reserves of 1,654.3 billion yen (increased 16.4 billion yen from the previous term). The Overseas Economic Cooperation Account had total assets of 11,181.7 billion yen (decreased 128.1 billion yen from the previous term), total liabilities of 4,656.7 billion yen (decreased 87.1 billion yen from the previous term), and total capital and reserves of 6,525 billion yen (decreased 41 billion yen from the previous term). Overall, the Bank had total assets of 21,881.7 billion yen (decreased 1,036.7 billion yen from the previous term), total liabilities of 13,702.4 billion yen (decreased 1,012.1 billion yen from the previous term), and total capital and reserves of 8,179.3 billion yen (decreased 24.6 billion yen from the previous term). The capital and reserves to total assets ratio for fiscal year 2002 was 15.5% for the International Financial Account and 58.4% for the Overseas Economic Cooperation Account, resulting in the maintenance of the high level of 37.4% for the Bank Account.
