

Selection result of the new Examiners for Environmental Guidelines

On the 7th of September, 2016, JBIC's Screening Committee for new Examiners for Environmental Guidelines took place. Each member of the Screening Committee was chosen as a representative of Japanese industries, the governments of developing countries, non-governmental organizations in Japan, Japanese academia, and JBIC. The five members of the Screening Committee recommended two persons to be appointed as Examiners. Based on this recommendation, JBIC's Board of Directors appointed Dr. Kobayashi and Dr. Shimada as new Examiners. The term of the new Examiners commencing on the 1st of October, 2016, is two years.
